OFFERS FRANCE AMERICAN ARMY

Pershing Says Entire U. S. Forces Should Be in Battle

(By United Press)

Makes His Request of Gen. Foch While Premier Clemenceau, Gen. Petain and Lecheur Are in Conference.

ANNOUNCEMENT MADE BY THE FRENCH

Germans Are Butting Away at The British Line Near Arras—French Hold Recaptured Territory Firmly.

Paris, March 29.—General Pershing in a conference with officials at the front said yesterday in his own and his country's name that the entire American forces should be engaged in the present battle, the war office announced today.

Pershing said the American army was entirely at the disposal of the French. He made his request of General Foch while Premier Clemenceau, Minister of munitions, Lecheur and General Petain were conferring with Foch.

The French are holding firmly the territory recaptured from the enemy yesterday in the Montdidier sector, according to the official announcement this afternoon.

"We stormed and captured Monthel and repeated our counter attacks," it said. "North of Montdidier the Anglo-French forces are holding the enemy."

RAIN HAMPELS FIGHTING

Change in Weather But Battle Continues With Same Vigor

(By United Press.)

With the British Armies in France, March 29.—The fighting continues today despite a sudden change in the weather bringing a gale and a rain sweeping across the battle field. The Germans are butting away at the British line near Arras. The enemy has progressed some, occupying the front line trenches at Orange Hill.

The cold rain made fighting difficult. The moon which at the beginning of the offensive turned night into day, was obscured. As a result there was a comparative lull in the Andre and astride the Somme following a hard day.

The enemy's dead are littering the ground south of the Somme. After repeated assaults all day, the Germans bent back the British line a short distance seven miles southwest of Albert on the south bank of the Somme. Below this the French fought brilliantly on the roads to the southward, driving back the Germans with the bayonet at places.

POSITIONS ARE MAINTAINED

Haig Also Reports Ground Gained by Counter Attacks

(By United Press.)

London, Mar. 29.—"Our positions were maintained against the strong attacks of the enemy north of the Somme yesterday afternoon and evening and we gained ground by successful counter attacks," Field Marshal Haig reported today. "A number of prisoners and machine guns were taken and heavy losses were incurred against the enemy. Severe fighting continued until late in the evening south of the Somme."

Enemy Held At All Points

Dispatch From General Bliss Read to House Military Affairs Committee Today is Reassuring. Gen. Bell Says Allies Had Germans Whipped Before the Offensive Started.

(By United Press.)

Washington, March 29.—"The enemy is being held at all points," was the dispatch which was read to the house military affairs committee this morning by General Marts.

General Bliss's report indicated the situation although still grave is gradually assuming a favorable shape for the allies.

The military committee heard Gen. J. Franklin Bell in a sweeping analysis of conditions in France.

That the allies by reason of their knowledge of German plans and preparation to meet them, had whipped the Teutons before the west drive began, was the assertion of General Bell.

movement to reveal itself, it has been stated, but troops' disposition have been made and the great army of maneuvering is taking up its important task. Despite gains made by the Germans yesterday the situation this morning was regarded as favorable by military men here. The German advance is near a standstill although further violent efforts to break through the allied lines are to be expected. The fresh attacks which regained some ground yesterday, experts said today, are probably the first phase of the Allies operations.

NEW'S AMENDMENT STICKS

Senate Favors Universal Military Training, 35 to 32

(By United Press.)

Washington, March 29.—By a vote of 35 to 32, the senate today refused to table Senator New's universal training amendment to the resolution drafting all young men who have become 21 since last June.

The First Presbyterian church will hold a "Good Friday" service at the church tonight at 7:30 o'clock. The subject will be the events of Friday in "Passion Week": the congregation is urged to attend.

Better Loan Money Than Have Country Over-Run

States J. M. Amos, A Successful Farmer, in Boosting Sale of Liberty Bonds

GOVERNMENT ASKS A LOAN

"The way I figure out this Liberty Loan is like this: the government which is just the people, you and me, all of us right here in Rush county, is merely asking us to loan it some money at a good rate of interest to carry on the war. Any man who will not make a loan of this sort, a loan to tide himself and his relatives over the period of the war is a slacker just as much as the man who wouldn't register for the draft last summer," said J. M. Amos of south of the city today. Mr. Amos

ALLOWS OFFICERS TO HAVE FREE GAS

Public Service Commission Dismisses Petition of W. E. Wallace Against Peoples Co.

OLD ORDER IS HELD INVALID

Commission Rules Amended Act of 1915 Settles Case—No Dispute Over The Facts

On the theory that a previous order of the state public service commission instructing the Peoples Natural Gas company of this city not to provide free gas to its directors, secretary and superintendent, was not legal, the commission has issued an order finding against William E. Wallace, a stockholder, who alleged the officials of the company were violating the order.

The order for the officers not to take gas from the company for nothing was issued May 19, 1915 in connection with the ruling on the price the company could charge for its gas. Mr. Wallace's petition prayed the commission to require the directors, secretary and superintendent of the company to reimburse the company for the gas they have used since May 19, 1915, asserting that they had never complied with the order.

The hearing on the petition was held in the state house in Indianapolis a week ago Wednesday. Mr. Wallace being represented by Howard E. Barrett of this city and the officers of the company by their attorneys, Miller and Dowling of Indianapolis.

It developed at the hearing that there was no dispute concerning the facts alleged by Mr. Wallace. The company admitted that such an order had been issued in 1915 and that shortly afterwards the company had filed its schedule of rates and charges, providing that the officers, directors and superintendent should receive gas consumed by them free of charge. The company relied on section 111 of the public service commission act of 1913 as amended in 1915, which amended section includes the following language: "Provided that nothing in this section or in this act or in any other law of the state shall prevent any public utility, carrier or agent or officer thereof, from furnishing free or reduced service or transportation to any bona fide employee or officer thereof."

The commission's order says the commission is without authority to grant the petitioner's request for

SPEAKS AT GRAHAM SCHOOL

Marion Detrick Urges Children to Plant Gardens

Marion F. Detrick, county emergency demonstration agent, addressed the pupils of the intermediate grades in the Graham school this afternoon on the principals of gardening. The patriotic duty of the young people to increase food supply by planting gardens in every available spot was put before them. After his talk, excellent pictures of different types of school improvement were shown and a few vivid war pictures.

JACKSON IS READY FOR THREE DRIVES

Appointments For Red Cross, Liberty Loan and Thrift Stamps Made at Meeting

ANOTHER THURSDAY NIGHT

Douglas Morris, John A. Tittsworth and Gates Ketchum Deliver Short Addresses

The framework for a permanent Liberty Loan and Red Cross organization resulted from the enthusiastic patriotic meeting held in the Jackson township school south of Occident last evening when short addresses were made by Douglas Morris, John A. Tittsworth and Gates Ketchum. Following the addresses by the local speakers, two persons from each of the four districts of the township were appointed, one to represent Red Cross interests in that district and the other to head Liberty Loan drives in that community.

Judge Morris and Gates Ketchum gave forceful arguments urging the sale of the Liberty Loan bonds and giving a number of good reasons for their doing so. The Thrift Stamp sale was the theme of the convincing talk made by John A. Tittsworth.

Another patriotic meeting will be held in the same place on Thursday evening of next week when the work started last evening will be furthered and other addresses will be given.

The appointments made at last night's meeting were: northeast district, O. C. Thompson and Earl Grubbs; northwest, J. A. Leisure and Ollie M. Siler; southwest, Alva Newhouse and Henry W. Beckner; southeast, Hal Green and Ross Schrader. The township trustee, Joe Stevens, was appointed to head the Thrift Stamps campaign.

A similar meeting will be held at the Methodist church in Arlington on Monday evening when addresses on the patriotic calls of today will be made by Judge Will M. Sparks and Judge Douglas Morris. Other township meetings will follow during the week.

REGISTRATION ON JUNE 5

Provost Marshal Plans to Use The Same Day This Year

(By United Press.)

Washington, March 29.—The Provost Marshal General is planning to hold the second draft registration for men who have become twenty-one since last year on June 5, the first anniversary of the first registration. Registrations will be held on that date as long as the war lasts. It is believed that 500,000 physically fit men will be added to America's selectives by this program.

LOCAL QUOTA IS READY TO LEAVE HERE

Eleven Men Who Will Entrain For Camp Taylor in Morning at 7:10 Report Today

SEND-OFF FOR THEM IS URGED

People Are Requested to Bid Farewell to Selectives as Has Been Done in Past

TROOP MOVEMENT BEEN HERE

29 Men From Liberty and Connersville Entrained For Short Time—Special at 3:30

The eleven Rush county selected men who will entrain here at 7:10 in the morning at the Pennsylvania station for Camp Taylor, Kentucky, reported at the clerk's office in the court house this afternoon at one o'clock, as ordered by the county army selection board. All with the probable exception of two will remain at their homes tonight.

A movement was on foot here today to give the men a send-off such as has been the rule whenever any selectives departed. The sentiment was expressed this afternoon that the boys leaving tomorrow should be given the same sort of farewell as the others have enjoyed. People are urged to be at the 7:10 train in the morning to bid them farewell.

Twenty-nine selected men from Connersville and Liberty were entertained here for an hour and a half at noon today while transferring from the C. I. & W. to the Big Four enroute to Camp Taylor.

The men were met at the station

TWO OF THREE AGENTS ARE RELEASED TODAY

E. L. Elvroman's Board Bill is Paid and Ross Regor Proves He is Not a Slacker

THIRD MAY BE SET FREE SOON

Two of the three traveling salesmen arrested here yesterday on a charge of defrauding a boarding house keeper were set free today and the third will probably be released by evening. Further investigation of the questionnaire and letters held by Ross Regor of Chicago, who was thought to have been a slacker for failing to have sent in his questionnaire, has proved that he had filled out his questionnaire and sent it in to the board at Tulsa, Oklahoma where he said he registered.

El L. Elvroman's board bill was paid by the local branch of a lodge to which he belongs and it was expected this afternoon that arrangements would be made for the release of H. E. Wallace, alias H. E. Williams, of Chicago, the third one held.

Regor produced a letter written to him by the army selection board at Tulsa, which proved beyond any doubt that he had returned his questionnaire filled out. The fact that he had a questionnaire in his baggage made the officers here suspicious, and a telegram to the board at Tulsa brought back a reply that no such a man was registered there. However, he has a card to prove that he was registered there.

NOT DUE TO SEX ALONE

Rushville Women Have Learned The Cause of Many Mysterious Pains and Aches

Many women have come to know that sex isn't the reason for all backaches, dizzy headaches and urinary disorders. Men have these troubles, too, and often they come from kidney weakness. To live simply, eat sparingly, take better care of one's self and to use Doan's Kidney Pills, is bound to help bad kidneys get better. There is no other remedy so well-recommended by Rushville people. Read this case:

Mrs. W. A. Wylie, 824 N. Arthur St., Rushville, says: "I have had kidney trouble and I certainly appreciate what a serious complaint it is and how severely one can suffer from it. My trouble began with a dull, dragging pain across my kidneys and over my hips. I was unable to do my housework for a week and was in misery. Others of my family had taken Doan's Kidney Pills with excellent results, so I got some from Pitman & Wilson's Drug store. I started using Doan's and the pain in my back soon disappeared. Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wylie had. Foster-Milburn Co., Mfgs., Buffalo, N. Y." (Adv.)

Our Line of Defense

It is a moment of tense nerves—ready to slip out of the trench at the word of command—and at the enemy.

Our men on the firing line are physically fit for military service because

only about one man out of five was chosen to endure the hardships of this

fearful war. But we must not be content with 20 per cent. in physical

health of our American youth. We cannot afford to lose four men out of

five because of physical unfitness. Such weaknesses can be cured. Many

times the kidneys are to blame.

If the kidneys are clogged with

toxic poisons you suffer from stiffness

in the knees in the morning on

arising, your joints seem "rusty,"

you may have rheumatic pains, pain

in the back, stiff neck, headaches,

sometimes swollen feet, or neuralgic

pains—all due to uric acid or toxic

poisons stored in the blood and which

should be swept out.

Then procure at your nearest drug

store Anuric (double strength). The

cost is 60 cents. This Anuric drives

the uric acid out.

Send Dr. Pierce, Invalids' Hotel,

Buffalo, N. Y., 10c for trial package.

GOSHEN, IND.—"I have been using

Anuric about four and one-half

months, and am cured of rheuma-

tism and constipation, after suffer-

ing about eight years. Anuric is the

greatest blessing that ever was

bestowed upon me. If anyone

who is suffering

would like to ask me any questions in

regard to Anuric, I will gladly answer,

or do anything in my power to help

suffering humanity." ARTHUR J.

BUCKEL, 614 North Main Street.

ALEXANDER KINDER DIES VERY SUDDENLY

Expires This Morning at His Home Northeast of Glenwood of Organic Heart Trouble

WIDOW IS ONLY SURVIVOR

Alexander Kinder, 76 years of age died very suddenly at his home in Fayette county, northeast of Glenwood this morning at one o'clock. Although Mr. Kinder had been troubled for some time with organic heart trouble, his last illness came up unexpectedly. He has been a farmer and has spent most of his life in this vicinity. Mrs. Kinder, the widow, is the only near relative surviving. Mr. Kinder was a member of the Fairview Christian church. He would have been 77 years old May 11.

The funeral services will be conducted at the Fairview chapel with burial in the Fairview cemetery.

LOCAL QUOTA IS ALL READY TO LEAVE HERE

Continued From Page 1

at 10:51 by a delegation of local

citizens, headed by the county army

selection board. The visiting men

planned to walk to the Big Four sta-

tion first with their luggage and then

back to a local cafe where they ate

dinner, but there were enough auto-

mobiles at the station to take the

baggage to the Big Four and the se-

lectives went on to dinner.

On account of the shortness of the

dinner was dispensed with, but the

army board and other citizens saw

to it that the visiting soldiers wan-

ted for nothing. A crowd accompa-

nied them to the Big Four station

after dinner and they boarded the

regular train due at 12:25.

There were drafted men on the

Big Four train from Elkhart, Gosh-

en, Wabash, Marion and other

points north of here. Counting the

men which boarded the train here

and will also entrain at Greensburg,

there were 216 men aboard when the

train left Greensburg.

A special train carrying selected

men from Auburn, Fort Wayne and

points between those two places and

Rushville was due to arrive over the

Lake Erie this afternoon at 3:30

o'clock and depart over the Big Four

at 3:45.

amended in 1915 is binding and that

the order of the commission of May

19, 1915 is invalid. The commission

does not rely upon its own author-

ity for rescinding its former order,

but quotes an opinion of the attor-

ney general of the state upholding

its interpretation of the amended

service commission act.

Rheumatism Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will

gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiful and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed pharmacists to guarantee it in every instance. (Adv.)

"Helped More Than Anything"

Indianapolis Woman Tells How Tanlac Has Improved Her Health

Mrs. Rose Kondon, 932 North Illinois street, Indianapolis, Ind., says Tanlac has fixed up her stomach and has helped her more than anything she ever took in her life.

"My stomach was in pretty bad shape," Mr. Kondon said. "If I ate anything rich or heavy my stomach would start aching and sometimes it would keep it up for hours. The pains would run up into my chest and sometimes would come in my back.

"I was weak and nervous too. The least exertions would bring out perspiration on my face and my hair would be wet with it.

"I heard and read so much about Tanlac that finally I decided to give it a trial. I took about a bottle and a half before I saw much improvement but after that it started in to helping me right and it has benefited me more than anything else I ever tried.

"My stomach seems to be in as good condition now as it ever was before and I'm feeling all right in every way."

Take Tanlac this spring and get your system back in shape. You're like everyone else just now. You're all run down following the winter and don't feel good. Tanlac will build you up. You can get Tanlac at F. E. Wolcott's Drug store or any other good drug store.—(Adv.)

GIRLS! YOU CAN LIFT THEM OFF

Doesn't hurt a bit to lift your sore, touchy corns right out

A noted Cincinnati authority discovered a new ether compound and called it freezone and a quarter ounce of it now can be had for a few cents at any drug store.

You simply apply a few drops of this magic freezone upon a tender corn or painful callus and instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can lift it off with the fingers.

You feel no pain, not a particle of soreness, either when applying freezone or afterwards, and it doesn't even irritate the skin.

Hard corns, soft corns or corns between the toes, also toughened calluses, just shrivel up and lift off so easy. It is wonderful! It works like a charm. Try it!

Women should keep it on their dressers and never let a corn ache twice.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night, your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuff-up with a cold or nasty catarrh—Relief comes so quickly.

The ladies of the First Baptist church will hold an exchange Saturday March 30th in room formerly occupied by the Stanley Automobile company in West 2nd street. 1213

Jackson Township Trustee
We are authorized to announce the name of Alva Newhouse of Jackson Township as a candidate for Township Trustee of Jackson Township, subject to the decision of the Republican primary election May 7th, 1918.

The War Risk Insurance Bureau recently announced that the reason for the delay in sending allotment checks to soldiers' dependents was because of the receipt by the bureau of some 60,000 letters asking the reason for the delay. The excuse of the small boy for being tardy at school was that his mother had spanked him for being a slug-

abed.

May Seize Wheat
Failure or refusal of farmers to market their wheat at this time has been construed by the United States food administration as "giving aid and comfort to the enemy," and accordingly Dr. Harry E. Barnard, federal food administrator for Indiana, has been directed to requisition all wheat that for any reason has been withheld from the mills. Notice was sent to all farmers known to have in their possession any considerable quantity of wheat, and except that they move the same "within a certain short period"—which varies to meet local conditions, such as facilities for reaching the mills or elevators, the demands upon the owners time due to food crop planting etc., the food administrator will take possession without delay.

Recent appeals to the farmers to move their wheat to the elevators and mills, following the price fixed by President Wilson's proclamation, were thought to have been obstructed by agitation in congress for an increase of this figure, food administration officials assert.

The requisitioning of 350,000 lbs. of wheat from an alleged pro-German firm in New Mexico was announced a few days ago, and the new order is believed to have been a development from this incident.

Efficiency Compared
The searchlight of war has brought out many interesting facts, and one of these is that the vaunted German efficiency will not always stand the test of comparison with American efficiency.

The Germans boasted of being the greatest farmers on earth. Investigation shows that in efficiency in agriculture, measured by the produce per acre, America being graded 100, Belgium leads the world, at 205; Great Britain comes second, at 164; and Germany third, at 155; America comes fourth.

But the better test is the man test rather than the acre test, and here America leads the world by over 2 to 1. Again, grading America at 100 per farm worker, Great Britain produces 43 and Germany 41. The American farmer cultivates 27 acres, the German farmer but 7. With the aid of vast quantities of fertilizer the German produces more per acre, but he produces at a much greater cost per bushel and he produces much less than half as much per man.

Vindication Acknowledged
Senator Weeks and Representative Madden are entitled to regard the weekly conferences which the war department is holding with the congressional military committees as a vindication of their judgment of last summer, when they simultaneously moved in each house for the establishment of a joint committee to scrutinize the expenditures of the war. The administration then denounced the plan as meddling, partisan and calculated to hamper the executive in his work. This view has never been recanted in words. But the invitation for the committee-men to sit weekly with the War Council is a practical confession that Weeks and Madden had the right idea and that the new scheme is an ingenious bit of camouflage to cover an admission of error on the part of the administration.

Uncle Henry Waterson of the Louisville Courier-Journal will doubtless assert that the recent display of the Northern Lights was providentially sent to light the "Hohenzollerns and Hapsburgs" further on their way to the warmer regions.

The American Indian is the greatest real estate promoter among us. Every tract of land the Government assigns to him is at once so enhanced in value that everybody wants it.

The wool shortage might be relieved somewhat by commandeering all that some politicians are accustomed to pull over the people's eyes.

ED BOWEN NOT GUILTY
Ed Bowen has been found not guilty in circuit court of the charge of assault and battery against his sister. The evidence was submitted before Judge Sparks yesterday and Bowen was discharged.

His Name's to Blame
The southern youngsters have "nothing on" Thomas Green Jr. who together with his mother and little brother are living in Hattiesburg while Lieut. Lowell Green, his father is stationed at Camp Shelby. Not long ago he got into a heated argument with some of his playmates over who freed the slaves. The southern lads took the side that Lincoln had freed them.

"Why he didn't do anything of the kind," argued Tom with confidence. "I know Lincoln well and have talked to him and I know he didn't free the slaves."

At this point, Mrs. Green entered the conversation and said, "Thomas, you mustn't tell such stories."

"That isn't a story, I guess he is Douglas Morris' uncle and I have talked to him," answered Tom. Evidently he was convinced that Lincoln Gary was the man in question.

STATE HEALTH BOARD SENDS A NEW RULING
Every Venereal Disease Must be Reported by Physician to State Body
INDIANA IS THE 21ST STATE

After April first, every venereal disease will be reported to the state board of health by the physician in charge, according to the new ruling passed by the state board demanding that this be done. Blanks will be sent out on which the complete report is to be made. The city board of health has received copies of the rulings and has been asked that they be carefully enforced here.

Indiana is the twenty-first state in the union to require that this be done. New York has required it for over five years and Boston for three years. The national government urges the step and will abandon training camps from localities where it is not done.

SIMEON STEWART HONORED
Elected to Purdue Honorary Engineers Fraternity Tau Beta Pi

A high honor has come to Simeon Stewart, son of Mr. and Mrs. A. L. Stewart of this city, who is now a Junior in Purdue university at Lafayette in his election to the honorary engineering fraternity, Tau Beta Pi. Only a very few are elected each year from the Junior class for membership in the honorary fraternity and membership is based on exceptional grades and all round efficiency in the young engineers. Mr. Stewart is a graduate of the local high school.

Fatigue Nearly Overcomes Woman

"Bringing up several children in the right way and cares of home brought me to the verge of nervous prostration," says a well known woman. "Fearing that I might become ill and have to give up housework and the care of my little ones, created a nightmare that was ever before me. I happened to mention my affliction to one of my neighbors and she advised me to procure some Phosphated Iron. A day or two later when I was feeling unusually miserable I sent my daughter to the drug store for a box of the capsules and after ten days treatment I felt like a different person altogether. I sleep well at night, something I hadn't done in months before; my appetite is good and in fact what formerly seemed like mountains of work in my home is now more like play. An aunt of mine living over East has been taking Phosphated Iron with equally gratifying results."

Phosphated Iron is put up in capsules only. In this locality it can be obtained at PITMAN & WILSON drug store and leading druggists everywhere. Rushville, Ind.—(Adv.)

CHILDREN NEED FOOD—NOT ALCOHOL
How careless it is to accept alcoholic medicine for children when everybody knows that their whole health and growth depends upon correct *nourishment*. If your children are pale, listless, underweight or puny, they absolutely need the special, concentrated food that only

SCOTT'S EMULSION

gives, to improve their nutrition and repair waste caused by youthful activity. During school term all children should be given *Scott's Emulsion* because it benefits their blood, sharpens their appetite and rebuilds their strength by sheer force of its great nourishing power.

Scott & Bowne, Bloomfield, N. J. 17-37

Our Dollars Are Called To the Colors
The Third Liberty Loan

Our terms of peace are written so clearly that all the world can see. There is no thought of conquest; only the demand of freedom that—for us and for all—the world shall be free.

The United States is to show the world that America, in Liberty's cause, responds more freely to each call for the sinews of war. And let us also show our country that Rushville and Rush County are in the forefront. Let each subscribe to a Third-issue Liberty Bond—the biggest one we can.

Without charge the services of our two institutions are extended to you.

Mr. Robert Williams,
Galesburg, Mo. December 27th, 1917.

Dear Sir:

You are right when you say in yours of December 24th that Senreco is a remarkably good tooth paste and that it has a strong story to tell, but the difficulty lies in putting that story in such language as will convince the public.

The Senreco story of a medicinal paste that not only cleanses the teeth but also keeps mouth and gums healthy, when put on paper does not sound very different from the story of just any ordinary dentifrice.

For that reason we make every effort to get the people to try Senreco. After that Senreco tells its own story - and fully 90% of them are Senreco users and boosters from then on.

There is a Senreco user in Pittsburgh who has introduced our product into the families of thirty-four of his friends. Enthusiasm? No, not entirely. Simply a case of Senreco making good. It is just as stated above. If they will try Senreco - if they once become acquainted with a real dentifrice - with what a dentifrice can and should be - they are Senreco boosters from that time on.

Your druggist or toilet counters can supply you with Senreco. It comes in large, two ounce tubes and retails at 25¢.

Why not get a tube to-day? Try it. We stand behind every package of Senreco with a money-back guarantee.

Very truly yours,
SENRECO, CINCINNATI.

WABASH COLLEGE GLEE CLUB COMING APRIL 6

Musical Organization Which Has
Ecen Here for a Number of Seasons to Give Concert

PROCEEDS FOR PATRIOTIC USE

The Wabash college glee club will appear here in a concert the night of April 6 under the auspices of the Tri Kappa sorority. Arrangements have just been completed for the appearance of the club, which has a splendid reputation here because the club has appeared in Rushville for several seasons and has always presented an entertaining program. The place for holding the concert has not been determined on.

The Tri Kappas decided at a special meeting last night to use the proceeds from the concert above the actual expenses to purchase Liberty bonds. Although the student body at Wabash has been reduced by the war from a normal attendance of more than 300 to about 150, the club is just as good this year as ever, according to reports from Crawfordville. Wabash has more than 500 former students and graduates in the service. There are 22 men in the club. Merle Maupin, formerly of this city, is pianist with the organization this year.

FIGHTS PETITION FOR RALEIGH ROAD

Another Remonstrance Filed Before Commissioners—Former One Taken to Greenfield

REVIEWERS SUBMIT REPORT

Another remonstrance has been filed against the petition before the county commissioners to build a concrete road of almost a mile running through Raleigh. The commissioners would probably have advertised for bids at their regular April meeting next Monday since a new estimate has been prepared, no bids having been received on the old estimate February 4.

A remonstrance against the proposed improved highway was filed some time ago and taken to the Hancock circuit court at Greenfield on change of venue where it was defeated. After no bids were received on the old estimate, the commissioners appointed reviewers, who submitted a report at the meeting Mar. 4 and it was approved. The remonstrance is headed this time, as it was before, by William Knecht, Sr.

Society

A busy day was spent by the members of the Priscilla Art Club of Falmouth when they had an all day meeting at the home of Miss Hazel Mohler yesterday to sew for Red Cross. The comfort which the girls have been working on for several meetings was completed and a dozen slings for wounded soldiers were completed in addition. At noon, the pitch-in dinner which the club members had brought was served and during the afternoon, they did further sewing. Mrs. Clarence Hinchman of Geneva, Ind., was an invited guest. In two weeks, the club members will be entertained by Miss Stella Shortridge.

A pleasant informal time was enjoyed by the members of the Pirate Bridge Club yesterday afternoon when they were the guests of Mrs. O. M. Dale at her home in North Main street. At the close of the Bridge games, the club members and

one guest, Mrs. Anna Moore of Finley, Ohio, were seated at the dining table which was prettily centered with yellow jonquils for the service of the dainty salad course. Mrs. Harrie Jones will entertain the club members at their next meeting.

A request that every club in the district buy a Liberty Loan bond on the third Loan drive has been received by Mrs. Guy Abercrombie, chairman of the sixth district federation of clubs, from Mrs. Kellogg Fairbanks, national woman's head of the drive. Mrs. Abercrombie will send out the word to each of the federated clubs in the district urging that they follow the suggestion and do all in their power to make the woman's part in the drive a success. The government is also asking that club women lend their aid in the registration of women which will be conducted over the country next month.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them. Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

QUIT MEAT WHEN
KIDNEYS BOTHER

Take a glass of Salts before breakfast
if your Back hurts or Bladder
is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

A Navy auxiliary of the Red Cross will be started tomorrow afternoon by the members of the D. A. R. Every member of the organization who can knit is asked to attend the meeting in the D. A. R.'s rest room off the library at the court house at 2 o'clock when the formation of the society will be made. Red Cross has granted the right to the patriotic society to form this Navy auxiliary, which has chapters all over the country, and has its principal interest in supplying sailors with needed supplies. Officers will be elected at tomorrow's meeting.

A delightful meeting of the Emanon Club was the one held at the home of Mrs. Albert Winslip in North Main street yesterday afternoon when the hostess was Mrs. Bert Davison. The members of the club and a few invited guests were entertained in an informal way during the afternoon. Near the conclusion of the affair, the hostess served a tempting luncheon. In two weeks, the club will have the next regular meeting.

As the guests of Mrs. Howard Ewbank in North Perkins street, the members of the Yomo Club spent a delightful afternoon yesterday at her home. An informal time was spent during the club meeting at the close of which the hostess served a dainty collation. Aside from the club members, Mrs. Gibson Ross was an invited guest. In two weeks, the members will be the guests of Mrs. Russell Barringer.

The spirit of the day will be carried into the April Fool social to be given by the Epworth League at the Methodist church on Monday evening. Plans are being made by the entertainment committee for a number of clever "April Fool" stunts. All friends and members of the League are cordially invited. The Mission Study class will meet in the choir room before the social from 7 to 8.

The last lecture of the season by Prof. William E. Jenkins before the members of the Shakespeare Club and their guests will be on Monday evening in the library when the subject of the lecture will be "Matthew Arnold." It follows a program on the same author at the last meeting of the club.

Mr. and Mrs. Charles Skinner and daughter Gladys of Muncie and Miss Carla Doran, who is attending school at Muncie, will be the guests of Mr. and Mrs. Bruce Johnson west of the city over Sunday.

Miss Mildred Boys was leader at the regular meeting of the Dunning Music Study club held Wednesday evening at the home of her parents, Mr. and Mrs. Charles Boys in West Seventh street.

Mr. and Mrs. A. L. Riggs entertained a few friends at a prettily appointed dinner last evening, honoring Mrs. James E. Watson of Washington, D. C., who is here for a short stay.

Francis T. Markley, who is a physician with a base hospital unit in New York, has returned after a visit here with Mrs. T. E. McAllister and

With The Churches

First Presbyterian services Sunday: 7 a. m., "Morning Watch;" 9:30 a. m., Bible school with Easter exercises after the lesson; 10:30 a. m., Easter Service which Knight Templars will attend in a body, with sermon by the pastor on the subject, "The Power of the Resurrection;" 4 p. m., Easter vesper praise service.

At 7:30 the Sunday school will present an Easter program commemorating the Resurrection and a cash offering for Missions will be made. Everybody is cordially invited.

Easter Day promises to be a Red Letter day at the Main Street Christian church. Promptly at 9:15 the Bible school will begin its special program under the direction of Walter Frazee. At 10:30 the pastor will speak on "The Purpose of the Resurrection," and at 7 on "The Reasons of Our Hope." There will be special music at each service, and at the evening hour the Male Quartette will sing and the Orchestra and choir will render special music.

First Baptist church Sunday services: Sunday school at 9:30 a. m.; Public worship at 10:45 a. m. and 7:30 p. m.; subject for the morning sermon, "The Last Step in a Complete Salvation;" theme for the evening sermon, "So Great Salvation." The Young Peoples meeting will be at 6:30. The mid-week prayer meeting will be Thursday evening of next week. The public is invited to all these services.

The Rushville Ministerial association wishes to emphasize that all churches will hold services Sunday at the usual hours which, according to the daylight savings schedule taking effect at 2 a. m., will in reality be an hour earlier than previously, due to the clocks being turned up an hour. Business houses are urged to close an hour earlier Saturday night to make up the lost hour.

Easter Sunday at St. Paul's M. E. church, the Rev. Clyde S. Black, pastor: Sunrise praise service at 6 A. M.; Sunday school at 9:30; Divine worship at 10:30 with Easter music and pastor's sermon on the theme, "The Empty Tomb;" Junior League at 3 p. m.; Epworth League Easter meeting at 6 P. M., led by E. B. Thomas.

Services at the United Presbyterian church Sunday will be: Bible school at 9:30 a. m.; sacrament of the Lord's Supper, 10:45; Young Peoples meeting, 6 p. m.; preaching by the pastor at 7 on the subject, "Proofs of Christ's Resurrection."

Elder A. W. Harvey of Indianapolis will have charge of the services at the Church of Christ at Little Blue River church in Center township Easter Sunday, both morning and evening.

Arlington Methodist church: the services Sunday will be under the direction of the Bible school with the usual Easter dinner. The Rev. J. L. Brown will be present in the absence of the pastor.

Manilla Methodist church: The usual services will be held Sunday and the revival, which is now in its third week, will close Sunday night.

The services for the United Presbyterian church at Glenwood will be Sunday school at 1:30 and preaching at 2:15.

Pleasant Ridge Methodist church: Bible school at 1:30 p. m. and Easter sermon by the pastor at 2:30 p. m.

daughter Alberta, while away on a leave.

Mr. and Mrs. James Mercer entertained a few friends at dinner at their home in New Salem on Wednesday honoring Mr. and Mrs. Henry McKee of Anderson.

GUS WILLIAMS IN FRANCE
Gus Williams, with the 30th Engineers, has safely reached France. A communication stating that he has safely arrived has been received by his parents, Mr. and Mrs. A. N. Williams from the war department.

Keep a Little Lady Guard in Your Home

Easter

There is magic in the word, for it betokens the awakening of all nature, the coming to life of all that is beautiful, the glad welcome to lovely spring. Simultaneously it means the donning of new apparel—not a flaunting of styledom in the face of the true Easter spirit, but the natural change in keeping with the season. At such a time our mammoth stocks and almost unlimited assortments claim your attention.

This is a splendid time to procure your new suit. Beautifully tailored they are, and fashioned from the season's favored fabrics and shades. Many of them are Wooltex made, whose guarantee is now a most valuable assurance. Coats by the hundreds are here, not chosen indiscriminately, but each with a view to pleasing some lady who desires something distinctive.

Then there are exquisite blouses, handsome dresses, skirts, shetland and silk sweaters, new corsets, dainty musline and silken lingerie.

Our vast varieties of beautiful new neckwear, gloves, hosiery and shoes assure an easy and satisfying selection.

SILK HOSIERY UNDERPRICED

A REAL CAR!

You should buy a Davis car in 1918 because:
The powerful, improved 1918 DAVIS-CONTINENTAL motor, for instance, representing the very "peak" of six-cylinder motor development—

The new DAVIS scientifically balanced crankshaft increases power and speed with no perceptible vibration—

The graceful, luxurious body designs—roomier, and better looking than ever before—

The splendid, high-class, real leather upholstery—the higher "lazy-backs" and deep, comfortable seats—the fine, "last-ever" finish—these are but a few of the outstanding features offered only in DAVIS cars for 1918.

A War Magazine

—in—

The Sunday Star

The one vital interest that overshadows all others today is the winning of the war.

The Star has always led in the presentation of the most complete and accurate war news and features. Now comes another step ahead of all other papers in its field.

Beginning next Sunday The Star will publish a WAR MAGAZINE, a separate section of the paper devoted to war articles and pictures. It will present the most authoritative articles to be obtained.

Among the war features to be offered next Sunday will be:

- A page portrait of Gen. Pershing, the border in colors.
- A page picture of Hoosier heroes in France, the border in colors.
- James W. Gerard will continue to unmask the Kaiser and the German Court.
- Lieut. Pat O'Brien will tell of his introduction to a German hospital.
- John L. Balderston will write of economic conditions confronting Germany after the war, the most authoritative survey of Germany's future yet presented by any correspondent who has been at the front.

In addition to these and other notable features the reader is given the complete reports of the Associated Press, which has a staff of correspondents with all the great armies of the battle fronts. This service is supplemented by special cable articles and by special dispatches from The Star's Washington Bureau. The publication of maps keeps the readers informed of the exact changes in the battle lines.

You can best follow the course of the great war by reading The Star each morning.

AN EASTER SUGGESTION

Take a tip from the the nimble-footed rabbit and refuse to have your feet shod with stiff foot-tiring leather. That which we use is pliable, resilient, but wear-resisting to a high degree. We charge no more for selected material than others do for common grades. Acquire that "Spring step" these Spring days.

Amusements

Gem Program

Two fearless stars appear in the opening episode of an exceptional serial, "Vengeance and the Women," at the Gem this evening. The opening chapter is entitled, "The Oath," and the scene is laid in the great outdoors of the Rocky Mountains and the vast plains of the golden west. Western cowboys play with Miss Carol Collway, the daring star of the serial, opposite whom William Duncan takes a strong lead. Flora Finch will also appear in a comedy, "The Call," Saturday, the program offers Bessie Eytan in, "The Victor of the Plot," and "Would You Believe It."

"Bab" at the Princess

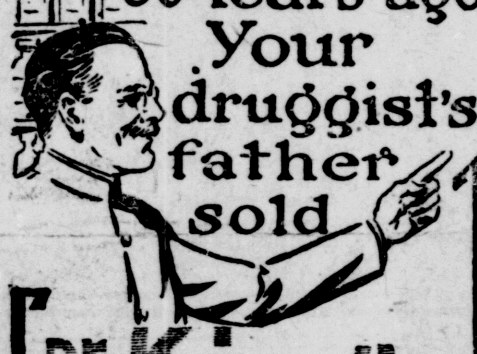

Experiences that are common to all people, north or south, east or west, and amusing episodes that every man or woman will recognize as his or her own individual experiences are shown in Marguerite Clark's latest Paramount picture, "Bab's Burglar" which is appearing at the Princess Theatre tonight.

The youth with the budding mustache who gets desperately ill on smoking his first cigar; the boarding-school girl who spends her year's allowance in a month; the father who understands his girl's frequent outbursts and stands by through thick and thin; all these and many more are found in Mary Robert Rinchart's clever story of a youthful "sub-deb" which appeared in the Saturday Evening Post recently.

"The Gypsy Trail"

"The Gypsy Trail" a three act whimsical comedy romance from the pen of Robert Housum, under the management of Arthur Hopkins, which has had phenomenally successful engagements of length in

CHANCE FOR BOYS TO HELP ON FARMS

Many Farmers Apply to County Superintendent George For Men to Work This Summer

MAY SERVE THEIR COUNTRY

Boys Who Enlist in Reserve Can Assist Materially in Increasing Food Supply

Positions on farms can be easily procured by boys wanting to enlist in the Boys Working Reserve and help Uncle Sam in increasing the food supply by applying to County Superintendent C. M. George. A number of farmers have applied to Superintendent George for farm help and these positions can be supplied by the boys who wish to apply for them.

Special provision has been made in all the schools of the county to dismiss school boys early in order that they may help on the farm at the beginning of the busy season. The township schools will dismiss at different dates between April 5 and 9, but boys who will work on the farms six days a week, will be dismissed from these schools two or three weeks early by presenting a proper excuse. Full credit for their unfinished work will be given on condition their work before that time has been up to standard. Most boys in the country have places to fill at home and do not need to be assigned to a position.

Many of the boys in the Rushville schools have offered to go into the country to work on the farms. In case they volunteer to do so, they may stay on the farm until the busy season is over. This, of course, is in cases where the farm is far enough from the city that they can not reach home conveniently at night.

All boys volunteering their services in this manner through the local school will be a part of the Boys Working Reserve and receive the medal promised at the end of 36 days of work on the farm.

New York and Chicago during the current season, will be seen at the Shubert Marat Theatre for an engagement of three days beginning Thursday April 4th with a Saturday matinee, with its all star company of players headed by Otto Kruger, formerly featured and starred in such plays as "Old Heidelberg," "Captain Kidd, Jr.," "Seven Chances," "The Natural Law," "The Lure" and "Here Comes The Bride." Miss Elsie Mackay, a feature in a principal role with Myril Maude in his last tour "Grumpy" and also the player of Anne Bollyn with Sir Herbert Free's production of "Henry VIII" throughout the length and breadth of Uncle Sam's domain, as well as in London and the English provinces and additional artists include Allan Dinehart, whose character comedy impersonations have brought him national theatrical fame. William Riley Hatch, a former player of the Indian chief, Tabywana in "The Squaw Man" with Dustin Farnum as the star, Zelle Tilbury, an English comedienne of note, who was associated with such notable players as Kyrle Bellow, Herbert Tree, Sophie Eyre, G. Q. Anson, Florence Marryatt, George Temple and Alice Lingard in the Sir W. S. Gilbert's presentation of "The Palace of Truth," which had phenomenal success in London for over a year; Ina Brooks, Charles Kennedy, Sally Bergmann and Lina Lippis.

An adventurous story of a romantic chauffeur, Michael Rudder, known as "Jones" interpreted by Otto Kruger, and Elsie Mackay as Frances Raymond, a wilful and conventional Cleveland, Ohio society girl, are the leading characters, and the play deals with in a humorous way with their elopement and final marriage.

A comedy program is tomorrow's feature. Two very good films, "Denby From Ireland," and, "Thirty Days" are billed. Elsie Ferguson, May Marsh and Billie Burke are the stars that are billed for programs next week.

TOOLS FOR HOME GARDEN—THOSE FOR SMALL AND LARGER TRACTS

Just because new garden tools are scarce and high in price the prospective gardener need not despair of preparing the soil and planting a garden, because it does not take many tools to work a garden, and if new tools are too expensive perhaps the old ones may be mended or second-hand ones bought at a moderate cost.

Three Tools For a Small Garden

In a small garden (20 by 50 feet, 1,000 square feet, or smaller) where the work is all done by man power rather than by horse power, the only tools required are a digging fork or spade, a steel-tooth rake, and a hoe. If the spading is done by hired help the laborer probably has own spade or digging fork and thus the gardener needs only a hoe and a rake.

Two stakes and a string as long as the rows are to be made will serve the purpose of a purchased garden line to lay off straight rows. The

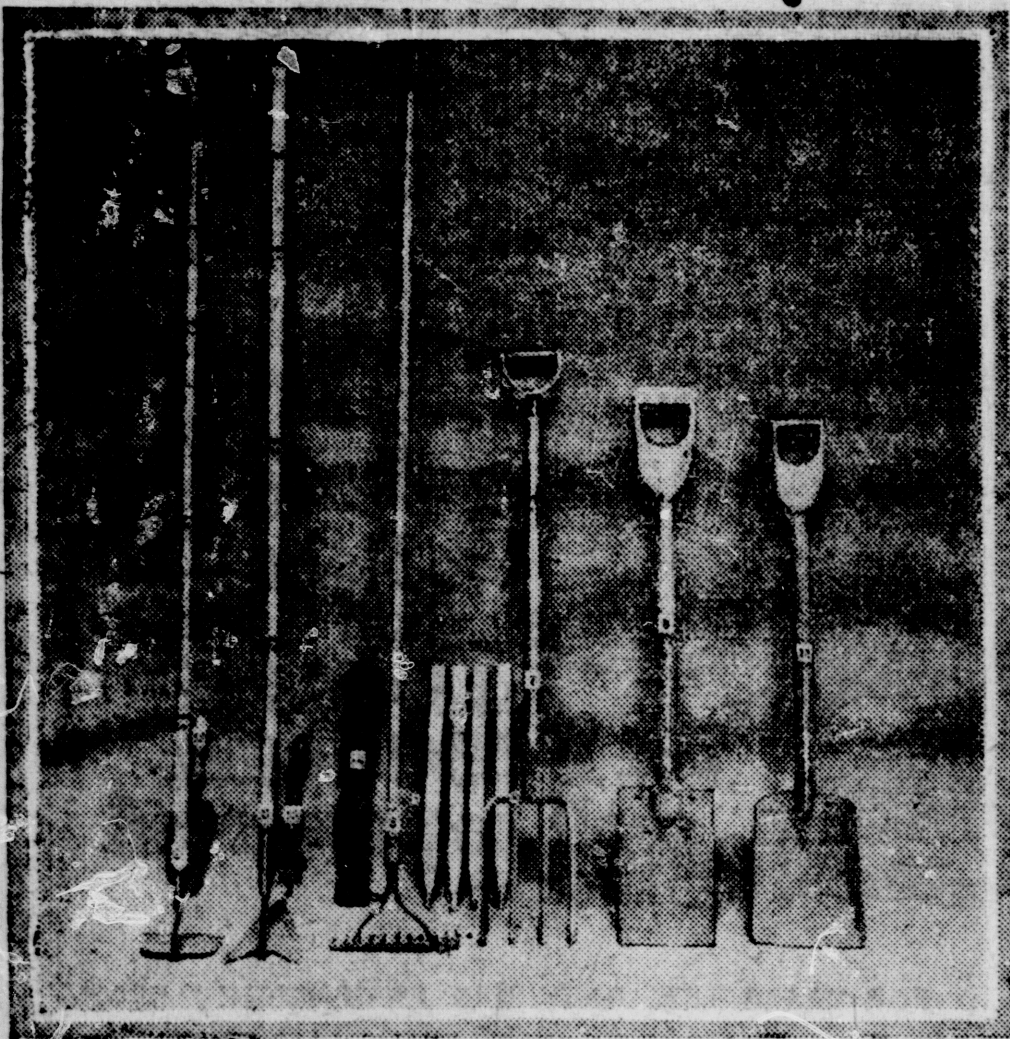

weeder, so it is serviceable for many purposes in caring for the garden. The digging fork is a necessity in a large garden, as is also a garden trowel used in transplanting plants. The one-piece iron garden trowel is best and strongest and may often be purchased for a few cents.

Other Garden Tools

There are many garden tools for special purposes which may be useful occasionally, as follows:

Hoes.—There are at least six special kinds of hoes beside the ordinary broadbladed one in most common use, which is generally called the "garden" hoe, although it is really the "square," "draw," "corn," "field," or "socket" hoe. For working among small plants one of the narrow, pointed hoes is often useful; otherwise, the ordinary hoe is all that is necessary.

Dibble.—A blunt-pointed tool for making holes when transplanting plants. A garden trowel is more ser-

viceable than the dibble. A good dibble, however, can be made from a section of an old broom handle.

Two Tools For a Medium-Sized Garden

For a medium-sized garden (24 by 75 feet, 1,800 square feet, or between that and 1,000 square feet), provided the ground is plowed by a team, only two tools are absolutely essential, namely, the hoe and the rake. A digging fork is desirable for digging potatoes and breaking up ground that has become packed, but the garden can be handled without it. A hand cultivator would also be of great service and a time saver but the crops can be cultivated with a hoe.

Five Tools For a Large Garden

By a large garden is meant one between the medium size and up to one-half acre. A garden of this size should be plowed with a team and then, besides the rake and hoe, a hand cultivator costing five or six dollars is necessary, unless the intention is to hire horse cultivating during the season. A long, stout string will do to line out straight rows. The hand cultivator has several attachments, such as shovels, cultivator teeth, plow, rake, and

viceable than the dibble. A good dibble, however, can be made from a section of an old broom handle.

Handweeder.—This is not needed but a good one can be made from an old metal hoop. Bind the two ends together so as to make a loop and tie the ends of the hoop together with cord, winding on enough to form a handle.

Potato hoe or hook.—This is good for digging potatoes and some other crops, but it not necessary. A digging fork is much better.

Manure fork.—A manure fork is very useful in a large garden to handle vines, corn stalks, manure, etc.

Garden reel.—A metal reel for handling the garden line is not essential.

Watering pot.—This is more convenient for watering plants than is a bucket, but a bucket and a tin can with nail holes in the bottom can be made to do duty in place of a watering pot.

Seeder.—The expense of a seeder for garden use is hardly justified.

Miscellaneous tools.—There are other tools to tempt the purse strings of the amateur gardener, but he had better harden his heart and buy only the three or four which he really needs.

BEST LOAN POSTERS TO RECEIVE PRIZES

Paintings by High School Students
Will Advertise Bonds and
Thrift Stamps

TO WORK EACH AFTERNOON

The members of the local high school, who have enthusiastically taken part in every war winning plan which has been suggested to them, have recently conceived another manner by which they can lend assistance in the spring drive of the various war relief movements.

This time the assistance will come from the students of Miss Henrietta Coleman's art class where there is a goodly amount of talent. The student have undertaken the painting of posters to be used in the Liberty Loan and Thrift stamp drives to be used in the public buildings and through the downtown district of the city.

The class will work from three-thirty until four o'clock each afternoon and with the combination of the remarkable talent of the students and their originality several excellent posters are expected to result. Prizes for the most suggestive paintings for each of the drives, will be awarded.

GERMAN AUTHORITY TO MAKE TALK HERE

Dr. Davis of Indiana University
Will Address Teachers Institute
April 6

PUBLIC IS ALSO INVITED

In connection with the Rushville teachers institute which will be held in the high school assembly room Saturday April 6, Dr. L. S. Davis of Indiana university will deliver the address of the afternoon taking for his subject, "The Unbalancing of the German Mind."

Dr. Davis has traveled extensively in Europe and during the three years preceding the war spent a great amount of time in Germany studying the German people and their customs. His lecture will rival that of any chautauqua speaker who ever appeared on the local platform, dealing with the Germans. As his lecture will be of vital importance to people at this time, the public has been invited to attend the meeting.

During the morning the regular institute sessions will be held, featuring special addresses and conferences in the various departments.

FIFTY TO TAKE PART IN SCHOOL CONCERT

Boys and Girls Glee Clubs and Orchestra Will Give Annual Performance

FRIDAY EVENING AT ANNEX

About fifty high school students will take part in the second annual concert to be given at the Graham Annex on next Friday evening under the direction of the musical director, C. Ernest Parke. There are 24 in the Girl's Glee Club, 14 in the Boy's Glee Club and 11 in the school orchestra. All of these musical organizations will give numbers on the varied program.

There will be more specialties than ever this year. Miss Gladys Rebout will give a monologue, Mr. Parke will play a violin solo, Miss Lavienna Compton will give a reading and there will be a number by a girl's sextet, in addition to the selections by the glee clubs and orchestra. With this amount of talent assembled the concert is expected to be a musical treat.

PLAN THRIFT STAMP DRIVE

In preparation for the big thrift stamp drive to be made next week, the students in both the junior and senior high school are spending a busy week, completing their program for their drive. Their present plan includes a clean canvass of the city, sometime during next week.

Now Pledge to Hoosierize Your Kitchen

(An Appeal to Every Woman Pledged to Save)

THE nation's food all comes to the kitchen *first!*—consider that. And if men expect women to help in the war on waste, they should give them the strong right arm of kitchen service—the Hoosier Cabinet.

The second million are being distributed now. If you are a woman, you have a right to the Hoosier. If you are a man, see that your kitchen gets this labor-saving machine at once. Hoosier saves more than food alone—time and work and health. It is wasteful to be without it.

Pledge yourself shorter hours and a longer life—pledge yourself the Hoosier happiness and start **at once**. Emergency orders now far exceed our output. Come here and order your Hoosier Cabinet before our stock is broken.

As Perfect As Experts Can Make It

Every Kitchen Cabinet device has been tested by Hoosier makers.

The conveniences that have proved valuable, have been adopted. Those not up to Hoosier's standard have been rejected.

So the Hoosier today is a 20-year development. It contains all wanted features. And only those that are practicable.

Hoosier's Council of Kitchen Scientists—all talented women—are using the Hoosier constantly to find new improvements.

No other maker controls the genius possessed by these brilliant women of the Hoosier Staff. If a better cabinet could be built, The Hoosier Company would build it.

4 Urgent Reasons Why You Should Act at Once

- 1—Because duty (as well as reason) now demands that you conquer waste in the kitchen and you can do it most easily and completely by having this labor-saving machine.
- 2—Because many popular models are now offered at **before-war prices**. And you can pay as convenient.
- 3—Because no other cabinet brings you the ideas of the brainy women composing Hoosier Council of Kitchen Scientists. No other has Hoosier's scientific arrangement and patented features.
- 4—Because our allotment is limited—the war-time demand already exceeds the factory's output. Our advice is this—**Come pick out at once the model you most admire.**

HOOsier KITCHEN CABINET

Hoosier Saves Miles of Steps

Within arm's reach are places for 400 articles. The most used things are nearest—each one put there by science, after thousands of trials to determine which place is handiest.

Hoosier protects food by keeping supplies in place. By preventing guesswork and waste in measuring and mixing.

With intelligent use, the cabinet will soon pay its cost.

Easy Terms, Money-Back Guarantee

This authorized Hoosier store will deliver this cabinet for a small payment down.

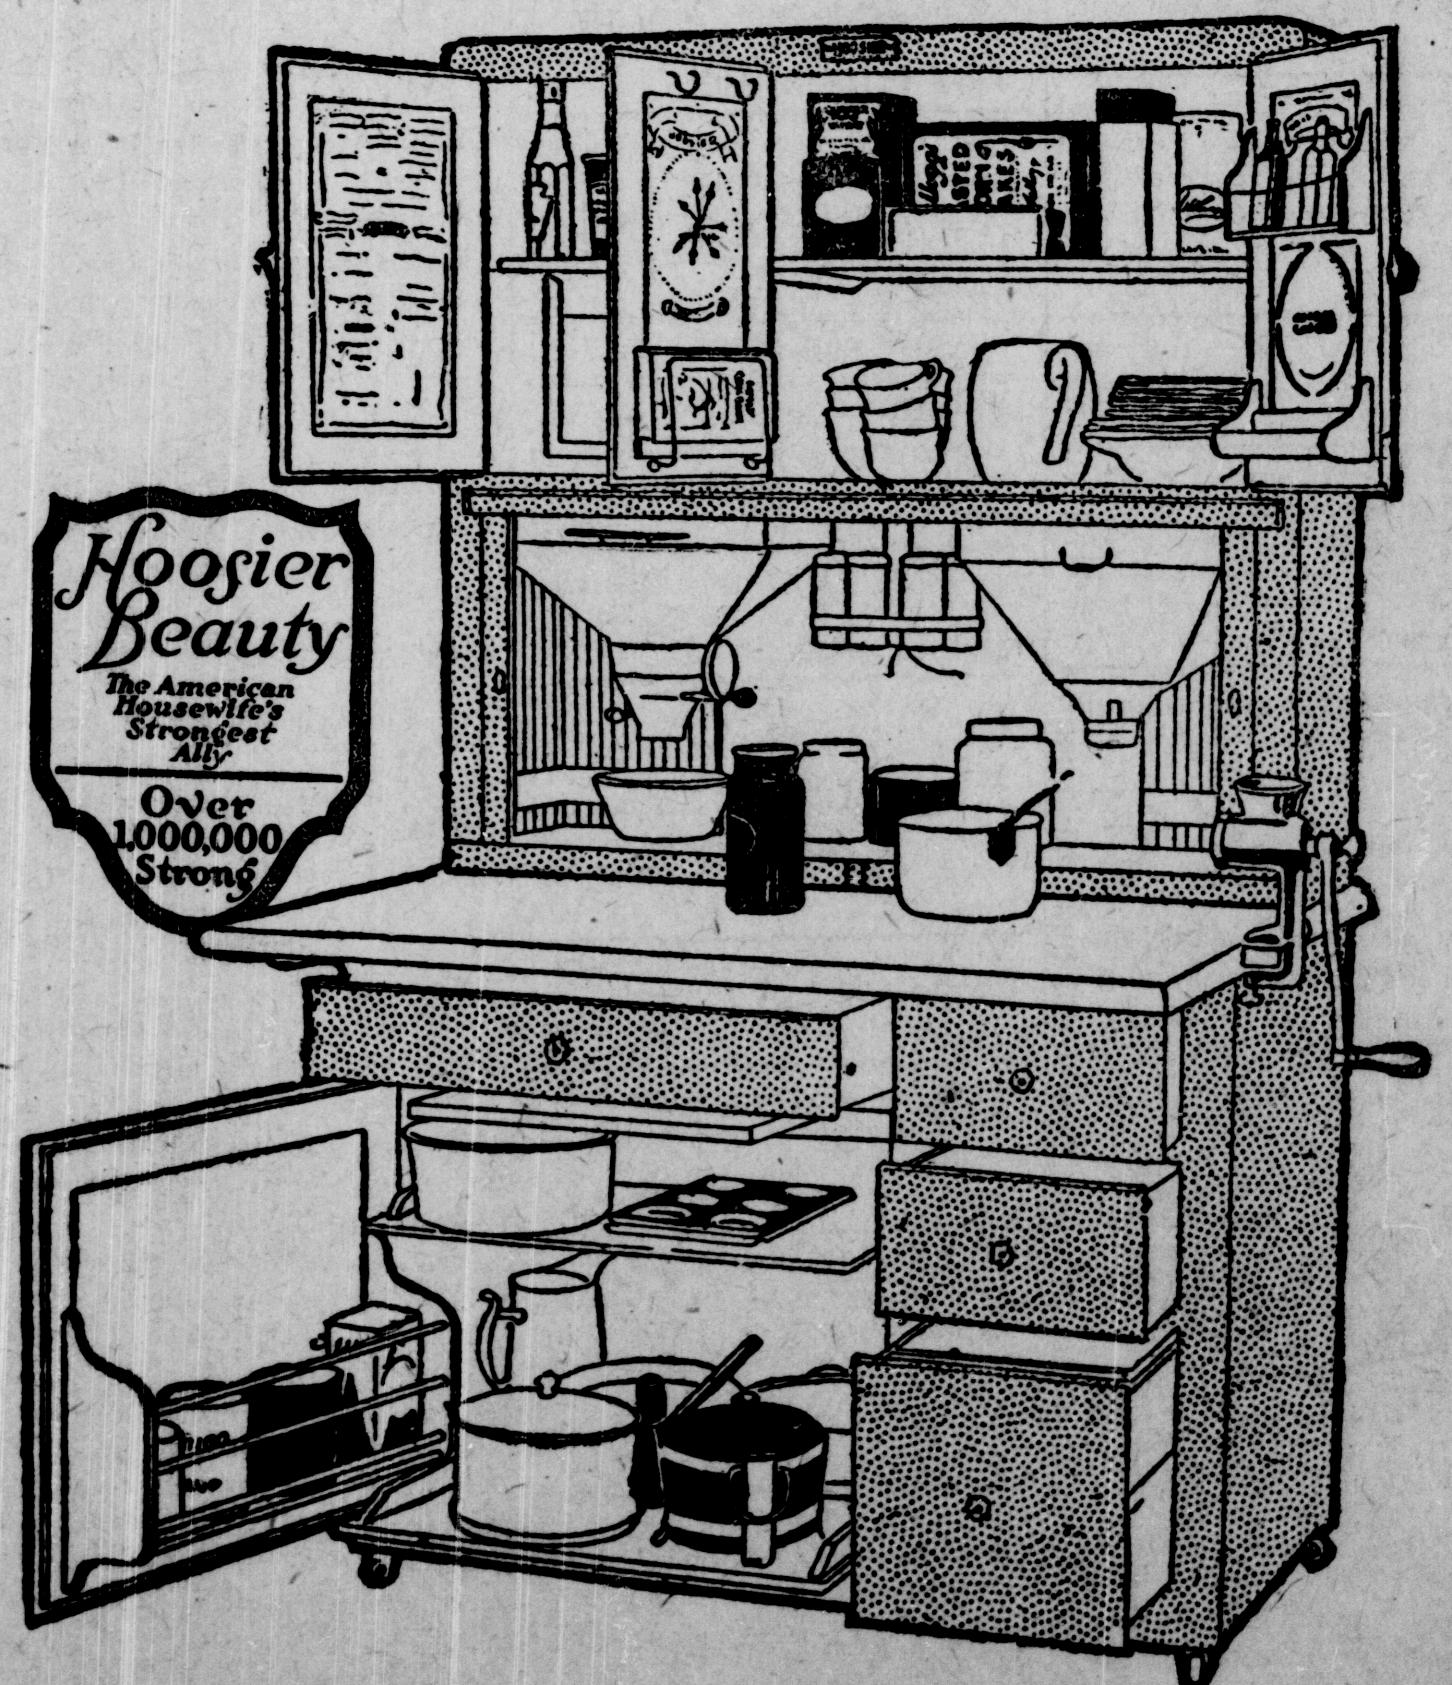

But remember, our stock is limited. Come at once—you are welcome to pay as convenient.

**Your Money All Back if You
Are Not Delighted!**

**Come This Week and Pick Out the
Handsomest Model**

OFFERS FRANCE AMERICAN ARMY

Pershing Says Entire U. S. Forces Should Be in Battle

(By United Press)

Makes His Request of Gen. Foch While Premier Clemenceau, Gen. Petain and Lecheur Are in Conference.

ANNOUNCEMENT MADE BY THE FRENCH

Germans Are Butting Away at The British Line. Near Arras—French Hold Recaptured Territory Firmly.

Paris, March 29.—General Pershing in a conference with officials at the front said yesterday in his own and his country's name that the entire American forces should be engaged in the present battle, the war office announced today.

Pershing said the American army was entirely at the disposal of the French. He made his request of General Foch while Premier Clemenceau, Minister of munitions, Lecheur and General Petain were conferring with Foch.

The French are holding firmly the territory recaptured from the enemy yesterday in the Montdidier sector, according to the official announcement this afternoon.

"We stormed and captured Monchel and repeated our counter attacks," it said. "North of Montdidier the Anglo-French forces are holding the enemy."

RAIN HAMPER FIGHTING

Change in Weather But Battle Continues With Same Vigor

(By United Press.)

With the British Armies in France, March 29.—The fighting continues today despite a sudden change in the weather bringing a gale and a rain sweeping across the battle field. The Germans are butting away at the British line near Arras. The enemy has progressed some, occupying the front line trenches at Orange Hill.

The cold rain made fighting difficult. The moon which at the beginning of the offensive turned night into day, was obscured. As a result there was a comparative lull in the Ancre and astride the Somme following a hard day.

The enemy's dead are littering the ground south of the Somme. After repeated assaults all day, the Germans bent back the British line a short distance seven miles southwest of Albert on the south bank of the Somme. Below this the French fought brilliantly on the roads to the southward, driving back the Germans with the bayonet at places.

POSITIONS ARE MAINTAINED

Haig Also Reports Ground Gained by Counter Attacks

(By United Press.)

London, Mar. 29.—Our positions were maintained against the strong attacks of the enemy north of the Somme yesterday afternoon and evening and we gained ground by successful counter attacks. Field Marshal Haig reported today. "A number of prisoners and machine guns were taken and heavy losses were incurred against the enemy. Severe fighting continued until late in the evening south of the Somme."

Enemy Held At All Points

Dispatch From General Bliss Read to House Military Affairs Committee Today is Reassuring. Gen. Bell Says Allies Had Germans Whipped Before the Offensive Started.

(By United Press.)

Washington, March 29.—"The enemy is being held at all points," was the dispatch which was read to the house military affairs committee this morning by General Martis.

General Bliss's report indicated the situation although still grave is gradually assuming a favorable shape for the allies.

The military committee heard Gen. J. Franklin Bell in a sweeping analysis of conditions in France.

That the allies by reason of their knowledge of German plans and preparation to meet them, had whipped the Teutons before, the west drive began, was the assertion of General Bell.

movement to reveal itself, it has been stated, but troops' disposition have been made and the great army of maneuvering is taking up its important task. Despite gains made by the Germans yesterday the situation this morning was regarded as favorable by military men here. The German advance is near a standstill although further violent efforts to break through the allied lines are to be expected. The fresh attacks which regained some ground yesterday, experts said today, are probably the first phase of the Allies operations.

NEW'S AMENDMENT STICKS

Senate Favors Universal Military Training, 35 to 32

(By United Press.)

Washington, March 29.—By a vote of 35 to 32, the senate today refused to table Senator New's universal training amendment to the resolution drafting all young men who have become 21 since last June.

The First Presbyterian church will hold a "Good Friday" service at the church tonight at 7:30 o'clock. The subject will be the events of Friday in "Passion Week": the congregation is urged to attend.

Better Loan Money Than Have Country Over-Run

States J. M. Amos, A Successful Farmer, in Boosting Sale of Liberty Bonds

GOVERNMENT ASKS A LOAN

"The way I figure out this Liberty Loan is like this: the government which is just the people, you and me, all of us right here in Rush county, is merely asking us to loan it some money at a good rate of interest to carry on the war. Any man who will not make a loan of this sort, a loan to hide himself and his relatives over the period of the war is a shacker just as much as the man who wouldn't register for the draft last summer," said J. M. Amos of south of the city today. Mr. Amos

ALLOWS OFFICERS TO HAVE FREE GAS

Public Service Commission Dismisses Petition of W. E. Wallace Against Peoples Co.

OLD ORDER IS HELD INVALID

Commission Rules Amended Act of 1915 Settles Case—No Dispute Over The Facts

On the theory that a previous order of the state public service commission instructing the Peoples Natural Gas company of this city not to provide free gas to its directors, secretary and superintendent, was not legal, the commission has issued an order finding against William E. Wallace, a stockholder, who alleged the officials of the company were violating the order.

The order for the officers not to take gas from the company for nothing was issued May 19, 1915 in connection with the ruling on the price the company could charge for its gas. Mr. Wallace's petition prayed the commission to require the directors, secretary and superintendent of the company to reimburse the company for the gas they have used since May 19, 1915, asserting that they had never complied with the order.

The hearing on the petition was held in the state house in Indianapolis a week ago Wednesday. Mr. Wallace being represented by Howard E. Barrett of this city and the officers of the company by their attorneys, Miller and Dowling of Indianapolis.

It developed at the hearing that there was no dispute concerning the facts alleged by Mr. Wallace. The company admitted that such an order had been issued in 1915 and that shortly afterwards the company had filed its schedule of rates and charges, providing that the officers, directors and superintendent should receive gas consumed by them free of charge. The company relied on section 111 of the public service commission act of 1913 as amended in 1915, which amended section includes the following language: "Provided that nothing in this section or in this act or in any other law of the state shall prevent any public utility, carrier or agent or officer thereof, from furnishing free or reduced service or transportation to any bona fide employee or officer thereof."

The commission's order says the commission is without authority to grant the petitioner's request for

SPEAKS AT GRAHAM SCHOOL

Marion Detrick Urges Children to Plant Gardens

Marion F. Detrick, county emergency demonstration agent, addressed the pupils of the intermediate grades in the Graham school this afternoon on the principals of gardening. The patriotic duty of the young people to increase food supply by planting gardens in every available spot was put before them. After the talk, excellent pictures of different types of school improvement were shown and a few vivid war pictures.

JACKSON IS READY FOR THREE DRIVES

Appointments For Red Cross, Liberty Loan and Thrift Stamps Made at Meeting

ANOTHER THURSDAY NIGHT

Douglas Morris, John A. Tittsworth and Gates Ketchum Deliver Short Addresses

The framework for a permanent Liberty Loan and Red Cross organization resulted from the enthusiastic patriotic meeting held in the Jackson township school south of Occident last evening when short addresses were made by Douglas Morris, John A. Tittsworth and Gates Ketchum. Following the addresses by the local speakers, two persons from each of the four districts of the township were appointed, one to represent Red Cross interests in that district and the other to head Liberty Loan drives in that community.

Judge Morris and Gates Ketchum gave forceful arguments urging the sale of the Liberty Loan bonds and giving a number of good reasons for their doing so. The Thrift Stamp sale was the theme of the convincing talk made by John A. Tittsworth.

Another patriotic meeting will be held in the same place on Thursday evening of next week when the work started last evening will be furthered and other addresses will be given.

The appointments made at last night's meeting were: northeast district, O. C. Thompson; and Earl Grubbs; northwest, J. A. Leisure and Ollie M. Siler; southwest, Alva Newhouse and Henry W. Beckner; southeast, Hal Green and Ross Schrader. The township trustee, Joe Stevens, was appointed to head the Thrift Stamps campaign.

A similar meeting will be held at the Methodist church in Arlington on Monday evening when addresses on the patriotic calls of today will be made by Judge Will M. Sparks and Judge Douglas Morris. Other township meetings will follow during the week.

REGISTRATION ON JUNE 5

Provost Marshal Plans to Use The Same Day This Year

(By United Press.)

Washington, March 29.—The Provost Marshal General is planning to hold the second draft registration for men who have become twenty-one since last year on June 5, the first anniversary of the first registration. Registrations will be held on that date as long as the war lasts. It is believed that 500,000 physically fit men will be added to America's selectives by this program.

LOCAL QUOTA IS READY TO LEAVE HERE

Eleven Men Who Will Entrain For Camp Taylor in Morning at 7:10 Report Today

SEND-OFF FOR THEM IS URGED

People Are Requested to Bid Farewell to Selectives as Has Been Done in Past

TROOP MOVEMENT BEEN HERE

29 Men From Liberty and Connersville Entrained For Short Time—Special at 3:30

The eleven Rush county selected men who will entrain here at 7:10 in the morning at the Pennsylvania station for Camp Taylor, Kentucky, reported at the clerk's office in the court house this afternoon at one o'clock, as ordered by the county army selection board. All with the probable exception of two will remain at their homes tonight.

A movement was on foot here today to give the men a send-off such as has been the rule whenever any selectives departed. The sentiment was expressed this afternoon that the boys leaving tomorrow should be given the same sort of farewell as the others have enjoyed. People are urged to be at the 7:10 train in the morning to bid them farewell.

Twenty-nine selected men from Connersville and Liberty were entertained here for an hour and a half at noon today while transferring from the C. I. & W. to the Big Four enroute to Camp Taylor.

The men were met at the station. Continued on Page 2.

TWO OF THREE AGENTS ARE RELEASED TODAY

E. L. Elvroman's Board Bill is Paid and Ross Regor Proves He is Not a Slacker

THIRD MAY BE SET FREE SOON

Two of the three traveling salesmen arrested here yesterday on a charge of defrauding a boarding house keeper were set free today and the third will probably be released by evening. Further investigation of the questionnaire and letters held by Ross Regor of Chicago, who was thought to have been a slacker for failing to have sent in his questionnaire, has proved that he had filled out his questionnaire and sent it in to the board at Tulsa, Oklahoma where he said he registered.

E. L. Elvroman's board bill was paid by the local branch of a lodge to which he belongs and it was expected this afternoon that arrangements would be made for the release of H. E. Wallace, alias H. E. Williams, of Chicago, the third one held. Regor produced a letter written to him by the army selection board at Tulsa, which proved beyond any doubt that he had returned his questionnaire filled out. The fact that he had a questionnaire in his baggage made the officers here suspicious and a telegram to the board at Tulsa brought back a reply that no such a man was registered there. However, he has a card to prove that he was registered there.

NOT DUE TO SEX ALONE

Rushville Women Have Learned The Cause of Many Mysterious Pains and Aches

Many women have come to know that sex isn't the reason for all backaches, dizzy headaches and urinary disorders. Men have these troubles, too, and often they come from kidney weakness. To live simply, eat sparingly, take better care of one's self and to use Doan's Kidney Pills, is bound to help back kidneys get better. There is no other remedy so well recommended by Rushville people. Read this case:

Mrs. W. A. Wylie, 824 N. Arthur St., Rushville, says: "I have had kidney trouble and I certainly appreciate what a serious complaint it is and how severely one can suffer from it. My trouble began with a dull, dragging pain across my kidneys and over my hips. I was unable to do my housework for a week and was in misery. Others of my family had taken Doan's Kidney Pills with excellent results, so I got some from Pitman & Wilson's Drug store. I started using Doan's and the pain in my back soon disappeared."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wylie had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. (Adv.)

HOGS ARE 25 TO 50 CENTS LOWER TODAY

Prices Decline Remarkably in Indianapolis After Slight Advance Yesterday.

THE RECEIPTS ARE 500 LESS

Hog prices declined twenty-five to fifty cents in Indianapolis today with receipts 500 less, after having gained from ten to twenty cents yesterday. The grain market held firm.

Our Line of Defense

It is a moment of tense nerves—ready to slip out of the trench at the word of command—and at the enemy. Our men on the firing line are physically fit for military service because only about one man out of five was chosen to endure the hardships of this fearful war. But we must not be content with 20 per cent in physical health of our American youth. We cannot afford to lose four men out of five because of physical unfitness. Such weaknesses can be cured. Many times the kidneys are to blame.

If the kidneys are clogged with toxic poisons you suffer from stiffness in the knees in the morning on arising, your joints seem "rusty," you may have rheumatic pains, pain in the back, stiff neck, headaches, sometimes swollen feet, or neuralgic pains—all due to uric acid or toxic poisons stored in the blood and which should be swept out.

Then procure at your nearest drug store Anuric (double strength). The cost is 60 cents. This Anuric drives the uric acid out.

Send Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., 10c for trial package.

GOSLIN, IND.—"I have been using Anuric about four and one-half months, and am cured of rheumatism and constipation, after suffering about eight years. Anuric is the greatest blessing that ever was bestowed upon me. If anyone who is suffering would like to ask me any questions in regard to Anuric, I will gladly answer, or do anything in my power to help suffering humanity."—ARTHUR J. GOSLIN, 614 North Main Street.

ALEXANDER KINDER DIES VERY SUDDENLY

Expires This Morning at His Home Northeast of Glenwood of Organic Heart Trouble

WIDOW IS ONLY SURVIVOR

Alexander Kinder, 76 years of age died very suddenly at his home in Fayette county, northeast of Glenwood this morning at one o'clock. Although Mr. Kinder had been troubled for some time with organic heart trouble, his last illness came up unexpectedly. He has been a farmer and has spent most of his life in this vicinity. Mrs. Kinder, the widow, is the only near relative surviving. Mr. Kinder was a member of the Fairview Christian church. He would have been 77 years old May 11.

The funeral services will be conducted at the Fairview chapel with burial in the Fairview cemetery.

LOCAL QUOTA IS ALL
READY TO LEAVE HERE

Continued From Page 1
at 10:51 by a delegation of local citizens, headed by the county army selection board. The visiting men planned to walk to the Big Four station first with their luggage and then back to a local cafe where they ate dinner, but there were enough automobiles at the station to take the baggage to the Big Four and the selectives went on to dinner.

On account of the shortness of the time, any formal program during the dinner was dispensed with, but the army board and other citizens saw to it that the visiting soldiers wanted for nothing. A crowd accompanied them to the Big Four station after dinner, and they boarded the regular train due at 12:35.

There were drafted men on the Big Four train from Elkhart, Goshen, Wabash, Marion and other points north of here. Counting the men which boarded the train here and will also entrain at Greensburg, there were 216 men aboard when the train left Greensburg.

A special train carrying selected men from Auburn, Fort Wayne and points between those two places and Rushville was due to arrive over the Lake Erie this afternoon at 3:30 o'clock and depart over the Big Four at 3:35.

"certain additional reasons," but that the section 111 of the act as amended in 1915 is binding and that the order of the commission of May 19, 1915 is invalid. The commission does not rely upon its own authority for rescinding its former order, but quotes an opinion of the attorney general of the state upholding its interpretation of the amended service commission act.

WEBSTER'S MULTICOPY Carbon paper is sold by Louis Hiner.

Rheumatism Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will

gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful, all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed pharmacists to guarantee it in every instance. (Adv.)

ACME WORM BOUNCER

THIS FEEDER FREE

No chorb, no mixing—they feed themselves Acme Worm Bouncer.

the guaranteed worm expeller conditioner and tonic, so manufactured—the proportions being just right—it is fed in Self Feeders, furnished FREE, and the hogs and sheep feed themselves, EAT AS THE SYSTEM REQUIRES. The weak, unthrifty pigs get their share, eat what they need, PREVENTS RUNTS, which is not possible otherwise. 40 hogs eat 1 pound per day, 150 pounds feeds 50 hogs 4 months; at 64c per month each. We guarantee this it is worth more than 64c per month to you to expel the free intestinal worms, prevent worms, indigestion, constipation and 90 per cent of hog disease.

Geo. H. Simpson, Sole Owner and Maker of "The Acme Line," Wheaton, Ill.

Made on the Farm — Made by a Farmer

During the years Acme Worm Bouncer has been sold, I do not know of a single user who lost his hogs with Cholera, who fed Acme Worm Bouncer for 30 days and continued to feed it.

Rushville, Ind., Aug. 18, 1917.

Gentlemen: You will find enclosed check for the ACME WORM BOUNCER received some time ago. I am well satisfied with it. My hogs have done good since I began feeding it. They passed lots of worms.

Yours truly, PAUL GLISSON.

Rushville, Ind., May 15, 1917.

Gentlemen—Enclosed find check for 300 pounds of ACME WORM BOUNCER. I have received more noticeable results from your Acme Worm Bouncer than any remedy I ever used.

Sincerely yours, MOORE GARR.

Rushville, Ind., Nov. 11, 1916.

Gentlemen—The ACME WORM BOUNCER that I have used has been very satisfactory. Enclosed find check in payment. You will send me another barrel. Ship to Rushville.

Yours truly, H. W. BECKNER.

Rushville, Ind., Nov. 30, 1917.

Gentlemen: Enclosed find check for 150 pounds of ACME WORM BOUNCER. Goods are very satisfactory. Yours truly, CLAY GUEFEN.

Rushville, Ind., Jan. 8, 1918.

Dear Sir: Enclosed find check for 150 pounds of ACME WORM BOUNCER. Will say I like it very much.

Very respectfully, WM. C. MORRIS.

Rushville, Ind., Dec. 19, 1916.

Gentlemen—Enclosed find draft for 150 pounds of ACME WORM BOUNCER. Please send me 150 pounds more. It is all right.

J. E. CALDWELL.

Greensburg, Ind., Sept. 28, 1917.

Gentlemen—I have obtained better results from ACME WORM BOUNCER than from any other hog remedy. Your agents will not have any trouble in selling to me.

Yours truly, L. A. RUDOLPH.

Rushville, Ind., Dec. 2, 1916.

Gentlemen: Enclosed find draft for ACME WORM BOUNCER. I like the goods. Yours truly, JAMES ALSOP.

Carthage, Ind., May 18, 1917.

Gentlemen—Your ACME WORM BOUNCER is all you claim it to be, and I like it fine. Find check enclosed.

Yours truly, WM. GOODMAN.

Greensburg, Ind., Oct. 1917.

Gentlemen—I fed ACME WORM BOUNCER to my hogs. Never had hogs do better. Send me 300 pounds more. Have not lost a pig since I commenced feeding it a year ago.

Yours truly, W. DAVIS.

St. Paul, Ind., April 19, 1917.

Gentlemen—Enclosed find check for 150 pounds of ACME WORM BOUNCER. I have noticed a good many worms from my hogs and it has helped them in that respect.

ALBERT FALMERTON.

You cannot afford to feed worms which breed cholera when ACME WORM BOUNCER prevents those conditions for 64c per month.

Wm. Marsart, Dysart, Iowa, writes Feb. 7th, 1918: "Ship me 50,000 pounds of ACME PIG MEAL. 1500 pounds is for my neighbor. Balance is for my neighbor. I sold 90 shoats fattened latter part of April, 1917, which weighed December 20th, 1917, 260 pounds each, which were fed the ACME PIG MEAL. This shows what ACME PIG MEAL means."

Wm. B. Hanna, Harvey, Iowa, writes February, 1918: "Enclosed find check for 6000 pounds of ACME PIG MEAL, and 200 pounds of ACME CALF MEAL. My 50 Fall pigs which had practically no corn, are the best in the country. I fed the ACME PIG MEAL to fattening hogs with excellent results."

Acme Pig Meal

EQUAL TO MILK. PROTEIN 24% PER CENT.
Is a full and complete ration, nothing else is fed with it. You know how pigs do—fed milk—that is how pigs do. ACME PIG MEAL is equal to milk. Start when the pigs will eat, it so takes the place of milk they will want them. Fattens at 8 weeks of age, prevents runts, setbacks, and retains the baby pig fat. 15 pounds makes 15 gallons "milk equal," enough for one pig 30 days for 64c. A balanced and complete ration until 4 months of age. 25 per cent cheaper than any other.

500 pounds \$4.55 per hundred
1000 pounds 4.50 per hundred
2000 pounds 4.45 per hundred

TERMS: THIRTY DAYS

ACME CALF MEAL

Equal to Milk.—Protein 22%
A calf 6 weeks old at a cost of \$5.00 is good property.

MIXES BETTER — IS THE BEST
Prices same as Pig Meal.

"Helped More Than Anything"

Indianapolis Woman Tells How Tanlac Has Improved Her Health

Mrs. Rose Kondon, 932 North H. street, Indianapolis, Ind., says Tanlac has fixed up her stomach and has helped her more than anything she ever took in her life.

"My stomach was in pretty bad shape," Mrs. Kondon said. "If I ate anything rich or heavy my stomach would start aching and sometimes it would keep it up for hours. The pains would run up into my chest and sometimes would come in my back."

"I was weak and nervous too. The least exertions would bring out perspiration on my face and my hair would be wet with it."

"I heard and read so much about Tanlac that finally I decided to give it a trial. I took about a bottle and a half before I saw much improvement but after that it started in to helping me right and it has benefited me more than anything else I ever tried."

"My stomach seems to be in as good condition now as it ever was before and I'm feeling all right in every way."

Take Tanlac this spring and get your system back in shape. You're like everyone else just now. You're all run down following the winter and don't feel good. Tanlac will build you up. You can get Tanlac at F. E. Wolcott's Drug store or any other good drug store.—(Adv.)

We are authorized to announce the name of Albert M. Johnson of Jackson township as a candidate for Township Trustee of Jackson township, subject to the decision of the Republican primary election May 7th, 1918.

The War Risk Insurance Bureau recently announced that the reason for the delay in sending allotment checks to soldiers' dependents was because of the receipt by the bureau of some 60,000 letters asking the reason for the delay. The excuse of the small boys for being tardy at school was that his mother had spanked him for being a slacker.

May Seize Wheat

Failure or refusal of farmers to market their wheat at this time has been construed by the United States food administration as giving aid and comfort to the enemy, and accordingly Dr. Harry E. Barnard, federal food administrator for Indiana, has been directed to requisition all wheat that for any reason has been withheld from the mills. Notice was sent to all farmers known to have in their possession any considerable quantity of wheat, and except that they move the same (with- in a certain short period)—which varies to meet local conditions, such as facilities for reaching the mills or elevators, the demands upon the owners time due to food crop planting etc., the food administrator will take possession without delay.

Recent appeals to the farmers to move their wheat to the elevators and mills, following the price fixed by President Wilson's proclamation, were thought to have been obstructed by agitation in congress for an increase of this figure, food administration officials assert.

The requisitioning of 350,000 lbs. of wheat from an alleged pro-German firm in New Mexico was announced a few days ago, and the new order is believed to have been a development from this incident.

Efficiency Compared

The searchlight of war has brought out many interesting facts, and one of these is that the vaunted German efficiency will not always stand the test of comparison with American efficiency.

The Germans boasted of being the greatest farmers on earth. Investigation shows that in efficiency in agriculture, measured by the produce per acre, America being graded 100, Belgium leads the world, at 205; Great Britain comes second, at 164; and Germany third, at 155; America comes fourth.

But the better test is the man test rather than the acre test, and here America leads the world by over 2 to 1. Again, grading America at 100 per farm worker, Great Britain produces 43 and Germany 41. The American farmer cultivates 27 acres, the German farmer but 7. With the aid of vast quantities of fertilizer the German produces more per acre, but he produces at a much greater cost per bushel and he produces much less than half as much per man.

Vindication Acknowledged

Senator Weeks and Representative Madden are entitled to regard the weekly conferences which the war department is holding with the congressional military committees as a vindication of their judgment of last summer, when they simultaneously moved in each house for the establishment of a joint committee to scrutinize the expenditures of the war. The administration then denounced the plan as meddling, partisan and calculated to hamper the executive in his work. This view has never been recanted in words. But the invitation for the committees to sit weekly with the War Council is a practical confession that Weeks and Madden had the right idea and that the new scheme is an ingenious bit of camouflage to cover an admission of error on the part of the administration.

Uncle Henry Waterson of the Louisville Courier-Journal will doubtless assert that the recent display of the Northern Lights was providentially sent to light the "Hohenzollerns and Hapsburgs" further on their way to the warmer regions.

The American Indian is the greatest real estate promoter among us. Every tract of land the Government assigns to him is at once so enhanced in value that everybody wants it.

The wool shortage might be relieved somewhat by commandeering all that some politicians are accustomed to pull over the people's eyes.

ED BOWEN NOT GUILTY

Ed Bowen has been found not guilty in circuit court of the charge of a snail and battery against his sister. The evidence was submitted before Judge Sparks yesterday and Bowen was discharged.

Turkey dinner at Scanlan hotel Sunday. Music by Stevens orchestra.

WANT ADS BRING RESULTS

Here's Where the Fun Comes In

His Name's to Blame
The southern youngsters have "nothing on" Thomas Green Jr. who together with his mother and little brother are living in Hattiesburg while Lieut. Lowell Green, his father is stationed at Camp Shelby. Not long ago he got into a heated argument with some of his playmates over who freed the slaves. The southern lads took the side that Lincoln had freed them.

"Why he didn't do anything of the kind," argued Tom with confidence. "I know Lincoln well and have talked to him and I know he didn't free the slaves."

At this point, Mrs. Green entered the conversation and said, "Thomas, you mustn't tell such stories."

"That isn't a story, I guess he is Douglas Morris' uncle and I have talked to him," answered Tom. Evidently he was convinced that Lincoln Gary was the man in question.

STATE HEALTH BOARD SENDS A NEW RULING

Every Venereal Disease Must Be Reported by Physician to State Body

INDIANA IS THE 21ST STATE

After April first, every venereal disease will be reported to the state board of health by the physician in charge, according to the new ruling passed by the state board demanding that this be done. Blanks will be sent out on which the complete report is to be made. The city board of health has received copies of the rulings and has been asked that they be carefully enforced here.

Indiana is the twenty-first state in the union to require that this be done. New York has required it for over five years and Boston for three years. The national government urges the step and will abandon training camps from localities where it is not done.

SIMEON STEWART HONORED

Elected to Purdue Honorary Engineers Fraternity Tau Beta Pi

A high honor has come to Simeon Stewart, son of Mr. and Mrs. A. L. Stewart of this city, who is now a Junior in Purdue university at Lafayette in his election to the honorary engineering fraternity, Tau Beta Pi. Only a very few are elected each year from the Junior class for membership in the honorary fraternity and membership is based on exceptional grades and all round efficiency in the young engineers. Mr. Stewart is a graduate of the local high school.

Fatigue Nearly Overcomes Woman

Bringing up several children in the right way and cares of home brought me to the verge of nervous prostration," says a well known woman. "Feeling that I might become ill and have to give up housework and the care of my little ones, created a nightmare that was ever before me. I happened to mention my affliction to one of my neighbors and she advised me to procure some Phosphated Iron. A day or two later when I was feeling unusually miser- able I sent my daughter to the drug store for a box of the capsules and after ten days treatment I felt like a different person altogether. I sleep well at night, something I hadn't done in months before, my appetite is good, and in fact what formerly seemed like mountains of work in my home is now more like play. An aunt of mine living over East has been taking Phosphated Iron with equally remarkable results."

Phosphated Iron is put up in capsules only. In this locality it can be obtained at PHARMACY & DRUGS, 114 West Second street, and leading druggists everywhere. Rushville and all.

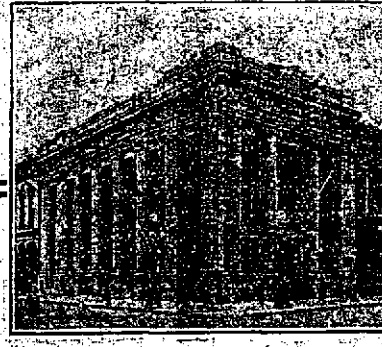

CHILDREN NEED FOOD—NOT ALCOHOL

How careless it is to accept alcoholic medicine for children when everybody knows that their whole health and growth depends upon correct **nourishment**. If your children are pale, listless, underweight or puny, they absolutely need the special, concentrated food that only

SCOTT'S EMULSION

gives, to improve their nutrition and repair waste caused by youthful activity. During school term all children should be given **Scott's Emulsion** because it benefits their blood, sharpens their appetite and rebuilds their strength by sheer force of its great nourishing power.

Scott & Bowne, Bloomfield, N. J.

Our Dollars Are Called To the Colors The Third Liberty Loan

Our terms of peace are written so clearly that all the world can see. There is no thought of conquest; only the demand of freedom that—for us and for all—the world shall be free.

The United States is to show the world that America, in Liberty's cause, responds more freely to each call for the sinews of war. And let us also show our country that Rushville and Rush County are in the forefront. Let each subscribe to a Third-issue Liberty Bond—the biggest one we can.

Without charge the services of our two institutions are extended to you.

GIRLS! YOU CAN LIFT THEM OFF

Doesn't hurt a bit to lift your sore, touchy corns right out

A noted Cincinnati authority discovered a new ether compound and called it "freezone" and a quarter ounce of it now can be had for a few cents at any drug store.

You simply apply a few drops of this magic freezone upon a tender corn or painful callus and instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can lift it off with the fingers.

You feel no pain, not a particle of soreness, either when applying freezone or afterwards, and it doesn't even irritate the skin.

Hard corns, soft corns or corns between the toes, also toughened calluses, just shrivel up and lift off so easy. It is wonderful! It works like a charm. Try it!

Women should keep it on their dressers and never let a corn ache twice.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief From Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night, your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh—Relief comes so quickly.

Mr. Robert Williams,
Colesburg, Mo. December 27th, 1917.
Dear Sir:
You are right when you say in yours of Decem-
ber 24th that Senreco is a remarkably good tooth paste
and that it has a strong story to tell, but the diffi-
culty lies in putting that story in such language as
will convince the public.
The Senreco story of a medicinal paste that
not only cleanses the teeth but also keeps mouth and
gums healthy, when put on paper does not sound very
different from the story of just any ordinary dentifrice.
For that reason we make every effort to get
the people to try Senreco. After that Senreco tells
its own story - and fully 90% of them are Senreco users
and boosters from then on.
There is a Senreco user in Pittsburgh who has
introduced our product into the families of thirty-four
of his friends. Enthusiasm? No, not entirely. Simply
a case of Senreco making good. It is just as stated
above. If they will try Senreco - if they once become
acquainted with a real dentifrice - with what a denti-
frice can and should be - they are Senreco boosters
from that time on.
Your druggist or toilet counters can supply
you with Senreco. It comes in large, two ounce tubes
and retails at 25¢.
Why not get a tube to-day? Try it. We stand
behind every package of Senreco with a money-back guar-
antee.
Very truly yours,
SENRECO,
CINCINNATI.

WABASH COLLEGE GLEE CLUB COMING APRIL 6

Musical Organization Which Has
Been Here for a Number of Sea-
sons to Give Concert
PROCEEDS FOR PATRIOTIC USE
The Wabash college glee club will
appear here in a concert the night
of April 6 under the auspices of the
Tri Kappa sorority. Arrangements
have just been completed for the
appearance of the club, which has a
splendid reputation here because the
club has appeared in Rushville for
several seasons and has always pre-
sented an entertaining program. The
place for holding the concert has
not been determined on.

The Tri Kappas decided at a spe-
cial meeting last night to use the
proceeds from the concert above the
actual expenses to purchase Liberty
bonds. Although the student body at
Wabash has been reduced by the
war from a normal attendance of
more than 300 to about 150, the club
is just as good this year as ever,
according to reports from Craw-
fordville. Wabash has more than
500 former students and graduates
in the service. There are 22 men in
the club. Merle Maupin, formerly of
this city, is pianist with the organ-
ization this year.

FIGHTS PETITION FOR RALEIGH ROAD

Another Remonstrance Filed Before
Commissioners—Former One
Taken to Greenfield

REVIEWERS SUBMIT REPORT

Another remonstrance has been
filed against the petition before the
county commissioners to build a
concrete road of almost a mile run-
ning through Raleigh. The commis-
sioners would probably have adver-
tised for bids at their regular April
meeting next Monday since a new
estimate has been prepared, no bids
having been received on the old es-
timate February 4.

A remonstrance against the pro-
posed improved highway was filed
some time ago and taken to the Han-
cock circuit court at Greenfield on
change of venue where it was de-
feated. After no bids were received
on the old estimate, the commis-
sioners appointed reviewers, who sub-
mitted a report at the meeting Mar.
4 and it was approved. The remon-
strance is headed this time, as it
was before, by William Knecht, Sr.

Days Pickings

Thomas Harvest has leased the
William Gross farm north of the
city.
Revival meetings are being con-
ducted at the M. E. church in New
Salem by the Rev. T. J. Anthony.
The Pastor's Aid society of the
Christian church will give a penny
supper in the church basement on
May 8.
Miss Myrtle Shriner of New Sa-
lem underwent an operation at the
Dr. Sexton hospital here last week
and is reported to be improving nice-
ly.

J. Arthur Looney has filed his de-
claration of candidacy as a candi-
date from Union township as a de-
legate to the republican state con-
vention.

A marriage license has been is-
sued to Miss Ruby Pearl Coats,
daughter of Mr. and Mrs. Joseph
Coats, and John T. Newhouse, son
of Mr. and Mrs. William P. New-
house.

An Easter exchange will be con-
ducted Saturday by the ladies of the
First Baptist church in the room in
West Second street formerly oc-
cupied by the Stanley automobile
company.

John Willis of Arlington, who un-
derwent an operation at Ft. Thomas,
Ky. three weeks ago, is recovering
nicely. The operation was neces-
sitated by an automobile accident in
which he was a victim while he was
home on a furlough about four
weeks ago.

Society

A busy day was spent by the members of the Priscilla Art Club of Falmouth when they had an all day meeting at the home of Miss Hazel Mohler yesterday to sew for Red Cross. The comfort which the girls have been working on for several meetings was completed and a dozen slings for wounded soldiers were completed in addition. At noon, the pitch-in dinner which the club members had brought was served and during the afternoon, they did further sewing. Mrs. Clarence Hinchman of Geneva, Ind., was an invited guest. In two weeks, the club members will be entertained by Miss Stella Shorridge.

A pleasant informal time was enjoyed by the members of the Pirate Bridge Club yesterday afternoon when they were the guests of Mrs. O. M. Dale at her home in North Main street. At the close of the Bridge games, the club members and

one guest, Mrs. Anna Moore of Finley, Ohio, were seated at the dining table which was prettily centered with yellow jonquils for the service of the dainty salad course. Mrs. Harrie Jones will entertain the club members at their next meeting.

A request that every club in the district buy a Liberty Loan bond on the third Loan drive has been received by Mrs. Guy Abercrombie, chairman of the sixth district federation of clubs, from Mrs. Kellogg Fairbanks, national woman's head of the drive. Mrs. Abercrombie will send out the word to each of the federated clubs in the district urging that they follow the suggestion and do all in their power to make the woman's part in the drive a success. The government is also asking that club women lend their aid in the registration of women which will be conducted over the country next month.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

QUIT MEAT WHEN
KIDNEYS BOTHER

Take a glass of Salts before breakfast
if your Back hurts or Bladder
is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

The last lecture of the season by Prof. William E. Jenkins before the members of the Shakespeare Club and their guests will be on Monday evening in the library when the subject of the lecture will be "Matthew Arnold." It follows a program on the same author at the last meeting of the club.

Mr. and Mrs. Charles Skinner and daughter Gladys of Muncie and Miss Carla Doran, who is attending school at Muncie, will be the guests of Mr. and Mrs. Bruce Johnson west of the city over Sunday.

Miss Mildred Boys was leader at the regular meeting of the Dunning Music Study club, held Wednesday evening at the home of her parents, Mr. and Mrs. Charles Boys in West Seventh street.

Mr. and Mrs. A. L. Riggs entertained a few friends at a prettily appointed dinner last evening, honoring Mrs. James E. Watson of Washington, D. C., who is here for a short stay.

Francis T. Markley, who is a physician with a base hospital, and in New York, has returned after a visit here with Mrs. T. E. McAllister and

With The Churches

First Presbyterian services Sunday: 7 a. m., Morning Watch; 9:30 a. m., Bible school with Easter exercises after the lesson; 10:30 a. m., Easter Service which Knight Templars will attend in a body, with sermon by the pastor on the subject, "The Power of the Resurrection;" 4 p. m., Easter vespers praise service.

At 7:30 the Sunday school will present an Easter program commemorating the Resurrection and a cash offering for Missions will be made. Everybody is cordially invited.

Easter Day promises to be a Red Letter day at the Main Street Christian church. Promptly at 9:15 the Bible school will begin its special program under the direction of Walter Frazee. At 10:30 the pastor will speak on "The Purpose of the Resurrection," and at 7 on "The Reasons of Our Hope." There will be special music at each service, and at the evening hour the Male Quartette will sing and the Orchestra and choir will render special music.

First Baptist church Sunday services: Sunday school at 9:30 a. m.; Public worship at 10:45 a. m. and 7:30 p. m.; Subject for the morning sermon, "The Last Step in a Complete Salvation;" theme for the evening sermon, "So Great Salvation." The Young Peoples meeting will be at 6:30. The mid-week prayer meeting will be Thursday evening of next week. The public is invited to all these services.

The Rushville Ministerial association wishes to emphasize that all churches will hold services Sunday at the usual hours, which, according to the daylight savings schedule taking effect at 2 a. m., will in reality be an hour earlier than previously, due to the clocks being turned up an hour. Business houses are urged to close an hour earlier Saturday night to make up the lost hour.

Easter Sunday at St. Paul's M. E. church, the Rev. Clyde S. Black, pastor: Sunrise praise service at 6 A. M.; Sunday school at 9:30; Divine worship at 10:30 with Easter music and pastor's sermon on the theme, "The Empty Tomb;" Junior League at 3 p. m.; Epworth League Easter meeting at 6 P. M., led by E. B. Thomas.

Services at the United Presbyterian church Sunday will be: Bible school at 9:30 a. m.; sacrament of the Lord's Supper, 10:45; Young Peoples meeting, 6 p. m.; preaching by the pastor at 7 on the subject, "Proofs of Christ's Resurrection."

Elder A. W. Harvey of Indianapolis will have charge of the services at the Church of Christ at Little Blue River church in Center township Easter Sunday, both morning and evening.

Arlington Methodist church: the services Sunday will be under the direction of the Bible school with the usual Easter dinner. The Rev. J. L. Brown will be present in the absence of the pastor.

Manilla Methodist church: The usual services will be held Sunday and the revival, which is now in its third week, will close Sunday night.

The services for the United Presbyterian church at Glenwood will be Sunday school at 1:30 and preaching at 2:15.

Pleasant Ridge Methodist church: Bible school at 1:30 p. m. and Easter sermon by the pastor at 2:30 p. m.

Easter

There is magic in the word, for it betokens the awakening of all nature, the coming to life of all that is beautiful, the glad welcome to lovely spring. Simultaneously it means the donning of new apparel—not a flaunting of styledom in the face of the true Easter spirit, but the natural change in keeping with the season. At such a time our mammoth stocks and almost unlimited assortments claim your attention.

This is a splendid time to procure your new suit. Beautifully tailored they are, and fashioned from the season's favored fabrics and shades. Many of them are Wooltex made, whose guarantee is now a most valuable assurance. Coats by the hundreds are here, not chosen indiscriminately, but each with a view to pleasing some lady who desires something distinctive.

Then there are exquisite blouses, handsome dresses, skirts, shetland and silk sweaters, new corsets, dainty musline and silken lingerie.

Our vast varieties of beautiful new neckwear, gloves, hosiery and shoes assure an easy and satisfying selection.

SILK HOSIERY UNDERPRICED

Dozens and dozens of pairs of splendid fibre silk hose, heavy quality, all sizes and in eleven different colors easily worth \$1.00, a pair **79c**

A War Magazine

The Sunday Star

The one vital interest that overshadows all others today is the winning of the war.

The Star has always led in the presentation of the most complete and accurate war news and features. Now comes another step ahead of all other papers in its field.

Beginning next Sunday The Star will publish a WAR MAGAZINE, a separate section of the paper devoted to war articles and pictures. It will present the most authoritative articles to be obtained.

Among the war features to be offered next Sunday will be:

A page portrait of Gen. Pershing, the border in colors.

A page picture of Hoosier heroes in France, the border in colors.

James W. Gerard will continue to unmask the Kaiser and the German Court.

Lieut. Pat O'Brien will tell of his introduction to a German hospital.

John L. Balderston will write of economic conditions confronting Germany after the war, the most authoritative survey of Germany's future yet presented by any correspondent who has been at the front.

In addition to these and other notable features the reader is given the complete reports of the Associated Press, which has a staff of correspondents with all the great armies of the battle fronts. This service is supplemented by special cable articles and by special dispatches from The Star's Washington Bureau. The publication of maps keeps the readers informed of the exact changes in the battle lines.

You can best follow the course of the great war by reading The Star each morning.

AN EASTER SUGGESTION

Take a tip from the the nimble-footed rabbit and refuse to have your feet shod with stiff foot-tiring leather. That which we use is pliable, resilient, but wear-resisting to a high degree. We charge no more for selected material than others do for common grades. Acquire that "Spring" step these Spring days.

Amusements

Gem Program

Two fearless stars appear in the opening episode of an exceptional serial, "Vengeance and the Women," at the Gem this evening. The opening chapter is entitled, "The Oath," and the scene is laid in the great out-doors of the Rocky Mountains and the vast plains of the golden west. Western cowboys play with Miss Carol Collway, the daring star of the serial, opposite whom William Duncan takes a strong lead. Flora Finch will also appear in a comedy, "The Call." Saturday, the program offers Bessie Eyton in "The Victor of the Plot," and "Would You Believe It."

"Bab" at the Princess

Experiences that are common to all people, north or south, east or west, and amusing episodes that every man or woman will recognize as his or her own individual experiences are shown in Marguerite Clark's latest Paramount picture, "Bab's Burglar" which is appearing at the Princess Theatre tonight.

The youth with the budding mustache who gets desperately ill on smoking his first cigar; the boarding-school girl who spends her year's allowance in a month; the father who understands his girl's frequent outbursts and stands by through thick and thin; all these and many more are found in Mary Robert Rinehart's clever story of a youthful "sub-deb" which appeared in the Saturday Evening Post recently.

"The Gypsy Trail"

"The Gypsy Trail" a three act whimsical comedy romance from the pen of Robert Housum, under the management of Arthur Hopkins, which has had phenomenally successful engagements of length in

CHANCE FOR BOYS TO HELP ON FARMS

Many Farmers Apply to County Superintendent George For Men to Work This Summer

MAY SERVE THEIR COUNTRY

Boys Who Enlist in Reserve Can Assist Materially in Increasing Food Supply

Positions on farms can be easily procured by boys wanting to enlist in the Boys Working Reserve and help Uncle Sam in increasing the food supply by applying to County Superintendent C. M. George. A number of farmers have applied to Superintendent George for farm help and these positions can be supplied by the boys who wish to apply for them.

Special provision has been made in all the schools of the county to dismiss school boys early in order that they may help on the farm at the beginning of the busy season. The township schools will dismiss at different dates between April 5 and 9, but boys who will work on the farms six days a week, will be dismissed from these schools two or three weeks early by presenting a proper excuse. Full credit for their unfinished work will be given on condition their work before that time has been up to standard. Most boys in the country have places to fill at home and do not need to be assigned to a position.

Many of the boys in the Rushville schools have offered to go into the country to work on the farms. In case they volunteer to do so, they may stay on the farm until the busy season is over. This, of course, is in cases where the farm is far enough from the city that they cannot reach home conveniently at night.

All boys volunteering their services in this manner through the local school will be a part of the Boys Working Reserve and receive the medal promised at the end of 36 days of work on the farm.

New York and Chicago during the current season, will be seen at the Shubert Murat Theatre for an engagement of three days beginning Thursday April 4th with a Saturday matinee, with its all star company of players headed by Otto Kruger, formerly featured and starred in such plays as "Old Heidelberg," "Captain Kidd, Jr.," "Seven Chances," "The Natural Law," "The Lure" and "Here Comes The Bride." Miss Elsie Mackay, a feature in a principal role with Myril Maude in his last tour "Grumpy" and also the player of Anne Bollyn with Sir Herbert Free's production of "Henry VIII" throughout the length and breadth of Uncle Sam's domain, as well as in London and the English provinces and additional artists include Allan Dinehart, whose character comedy impersonations have brought him national theatrical fame. William Riley Hatch, a former player of the Indian chief, Tabyanna in "The Squaw Man" with Dustin Farnum as the star, Zella Tilbury, an English comedienne of note, who was associated with such notable players as Kyrle Bellows, Herbert Tree, Sophie Eyre, G. Q. Anson, Florence Marryatt, George Temple and Alice Lingard in the Sir W. S. Gilbert's presentation of "The Palace of Truth," which had phenomenal success in London for over a year; Ina Brooks, Charles Kennedy, Sally Bergmann and Lina Lipp.

An adventurous story of a romantic chaffer, Michael Kidder, known as "Jones" interpreted by Otto Kruger, and Elsie Mackay as Frances Raymond, a wild and conventional Cleveland, Ohio society girl, are the leading characters, and the play deals with a humorous way with their elopement and final marriage.

A comedy program is tomorrow's feature. Two very good films, "Deny Them Ireland," and "Thirty Days" are billed. Elsie Ferguson, May Marsh and Billie Burke are the stars that are billed for programs next week.

TOOLS FOR HOME GARDEN—THOSE FOR SMALL AND LARGER TRACTS

Just because new garden tools are scarce and high in price the prospective gardener need not despair of preparing the soil and planting a garden, because it does not take many tools to work a garden, and if new tools are too expensive perhaps the old ones may be mended or second-hand ones bought at a moderate cost.

Three Tools For a Small Garden

In a small garden (20 by 50 feet, 1,000 square feet, or smaller) where the work is all done by man power rather than by horse power, the only tools required are a digging fork or spade, a steel-tooth rake, and a hoe. If the spading is done by hired help the laborer probably has own spade or digging fork and thus the gardener needs only a hoe and a rake.

Two stakes and a string as long as the rows are to be made will serve the purpose of a purchased garden line to lay off straight rows. The plants. A garden trowel is more ser-

viceable than the dibble. A good dibble, however, can be made from a section of an old broom handle.

Other Garden Tools

There are many garden tools for special purposes which may be useful occasionally, as follows:

Hoes.—There are at least six special kinds of hoes beside the ordinary broadbladed one in most common use, which is generally called the "garden" hoe, although it is really the "square," "draw," "corn," "field," or "socket" hoe. For working among small plants one of the narrow, pointed hoes is often useful; otherwise, the ordinary hoe is all that is necessary.

Dibble.—A blunt-pointed tool for making holes when transplanting plants. A garden trowel is more ser-

viceable than the dibble. A good dibble, however, can be made from a section of an old broom handle.

Two Tools For a Medium-Sized Garden

For a medium-sized garden (24 by 75 feet, 1,800 square feet, or between that and 1,000 square feet), provided the ground is plowed by a team, only two tools are absolutely essential, namely, the hoe and the rake. A digging fork is desirable for digging potatoes and breaking up ground that has become packed, but the garden can be handled without it. A hand cultivator would also be of great service and a time saver but the crops can be cultivated with a hoe.

Five Tools For a Large Garden

By a large garden is meant one between the medium size and up to one-half acre. A garden of this size should be plowed with a team and then, besides the rake and hoe, a hand cultivator, costing five or six dollars is necessary, unless the intention is to hire horse cultivating during the season. A long, stout string will do to line out straight rows. The hand cultivator has several attachments, such as shovels, cultivator teeth, plow, rake, and

Garden reel.—A metal reel for handling the garden line is not essential.

Watering pot.—This is more convenient for watering plants than is a bucket, but a bucket and a tin can with nail holes in the bottom can be made to do duty in place of a watering pot.

Seeder.—The expense of a seeder for garden use is hardly justified.

Miscellaneous tools.—There are other tools to tempt the purse strings of the amateur gardener, but he had better harden his heart and buy only the three or four which he really needs.

Never Put a Croupy Child to Bed With out Giving a Dose of

Foley's Honey and Tar

Mothers know it stops croup because it cuts the thick choking mucus, clears the throat of phlegm, stops the hoarse metallic cough, eases the difficult breathing, and calms the child.

Mrs. T. Neumaier, Dan, Claire, W. J. and Mary, of the very severe croup, who had been in the hospital for several days, were cured by Foley's Honey and Tar.

BEAUTY—POWER

Smart in appearance, powerful, fleet and enduring, nothing has been sacrificed in usefulness or utility. It is a car that answers in every particular the highest efficiency demands and requirements of the business man. It is a car that in its grace and beauty as well as in its staunch utility meets the exacting needs of the modern woman in her rapidly widening activities.

Words cannot describe this wonderful car. You must see it to appreciate this car of double character.

BEST LOAN POSTERS TO RECEIVE PRIZES

Paintings by High School Students
Will Advertise Bonds and
Thrift Stamps

TO WORK EACH AFTERNOON

The members of the local high school, who have enthusiastically taken part in every war winning plan which has been suggested to them, have recently conceived another manner by which they can lend assistance in the spring drive of the various war relief movements.

This time the assistance will come from the students of Miss Henrietta Coleman's art class where there is a goodly amount of talent. The student have undertaken the painting of posters to be used in the Liberty Loan and Thrift stamp drives to be used in the public buildings and through the downtown district of the city.

The class will work from three-thirty until four o'clock each afternoon and with the combination of the remarkable talent of the students and their originality several excellent posters are expected to result. Prizes for the most suggestive paintings for each of the drives, will be awarded.

GERMAN AUTHORITY TO MAKE TALK HERE

Dr. Davis of Indiana University
Will Address Teachers Institute
April 6

PUBLIC IS ALSO INVITED

In connection with the Rushville teachers institute which will be held in the high school assembly room Saturday April 6, Dr. L. S. Davis of Indiana university will deliver the address of the afternoon taking for his subject, "The Unbalancing of the German Mind."

Dr. Davis has traveled extensively in Europe and during the three years preceding the war spent a great amount of time in Germany studying the German people and their customs. His lecture will rival that of any chautauqua speaker who ever appeared on the local platform, dealing with the Germans. As his lecture will be of vital importance to people at this time, the public has been invited to attend the meeting.

During the morning the regular institute sessions will be held, featuring special addresses and conferences in the various departments.

FIFTY TO TAKE PART IN SCHOOL CONCERT

Boys and Girls Glee Clubs and Orchestra Will Give Annual Performance

FRIDAY EVENING AT ANNEX

About fifty high school students will take part in the second annual concert to be given at the Graham Annex on next Friday evening under the direction of the musical director, C. Ernest Parke. There are 24 in the Girl's Glee Club, 14 in the Boy's Glee Club and 11 in the school orchestra. All of these musical organizations will give numbers on the varied program.

There will be more specialties than ever this year. Miss Gladys Babout will give a monologue, Mr. Parke will play a violin solo, Miss Levianna Compton will give a reading and there will be a number by a girl's sextet, in addition to the selections by the glee clubs and orchestra. With this amount of talent assembled the concert is expected to be a musical treat.

PLAN THRIFT STAMP DRIVE

In preparation for the big thrift stamp drive to be made next week, the students in both the junior and senior high school are spending a week completing their program for the drive. Their present plan is to clean canvases of the city during next week.

Now Pledge to Hoosierize Your Kitchen

(An Appeal to Every Woman Pledged to Save)

THE nation's food all comes to the kitchen *first!*—consider that. And if men expect women to help in the war on waste, they should give them the strong right arm of kitchen service—the Hoosier Cabinet.

The second million are being distributed now. If you are a woman, you have a right to the Hoosier. If you are a man, see that your kitchen gets this labor-saving machine at once. Hoosier saves more than food alone—time and work and health. It is wasteful to be without it.

Pledge yourself shorter hours and a longer life—pledge yourself the Hoosier happiness and start at once. Emergency orders now far exceed our output. Come here and order your Hoosier Cabinet before our stock is broken.

As Perfect As Experts Can Make It

Every Kitchen Cabinet device has been tested by Hoosier makers.

The conveniences that have proved valuable, have been adopted. Those not up to Hoosier's standard have been rejected.

So the Hoosier today is a 20-year development. It contains all wanted features. And only those that are practicable.

Hoosier's Council of Kitchen Scientists—all talented women—are using the Hoosier constantly to find new improvements.

No other maker controls the genius possessed by these brilliant women of the Hoosier Staff. If a better cabinet could be built, The Hoosier Company would build it.

4 Urgent Reasons Why You Should Act at Once

- 1—Because duty (as well as reason) now demands that you conquer waste in the kitchen and you can do it most easily and completely by having this labor-saving machine.
- 2—Because many popular models are now offered at before-war prices. And you can pay as convenient.
- 3—Because no other cabinet brings you the ideas of the brainy women composing Hoosier Council of Kitchen Scientists. No other has Hoosier's scientific arrangement and patented features.
- 4—Because our allotment is limited—the war-time demand already exceeds the factory's output. Our advice is this—Come pick out at once the model you most admire.

HOOSIER KITCHEN CABINET

Hoosier Saves Miles of Steps

Within arm's reach are places for 400 articles. The most used things are nearest—each one put there by science, after thousands of trials to determine which place is handiest.

Hoosier protects food by keeping supplies in place. By preventing guesswork and waste in measuring and mixing.

With intelligent use, the cabinet will soon pay its cost.

Easy Terms, Money-Back Guarantee

This authorized Hoosier store will deliver this cabinet for a small payment down.

But remember, our stock is limited. Come at once—you are welcome to pay as convenient.

*Your Money All Back if You
Are Not Delighted!*

Come This Week and Pick Out the
Handsome Model
